Consumer Confidence Report Certification Form
(To be submitted with a copy of the CCR)

Water System Name:	Bear State Water Works
Water System Number:	0901217

The water system named above hereby certifies that its Consumer Confidence Report was distributed on June 21, 2022 (date) to customers (and appropriate notices of availability have been given). Further, the system certifies that the information contained in the report is correct and consistent with the compliance monitoring data previously submitted to the State Water Resources Control Board, Division of Drinking Water (DDW).

Certified by:

Name: Fred Fahlen	Title: Chief Engineer
Signature: <i>Fred J. Fahlen</i>	Date: July 10, 2022
Phone number: 530 559-7999	blank

To summarize report delivery used and good-faith efforts taken, please complete this page by checking all items that apply and fill-in where appropriate:

CCR was distributed by mail

Note – I tried to make permanent the corrections Karen made to my draft but the software would not let me – I'm sure this was due to my lack of computer skills – So I mailed out the CCR with Karen's corrections indicated.

Also, in the 20 plus years I have been mailing the CCRs out to our customers and discussing it at our annual meeting in July, I know of no customer who has ever read it, understood it, or asked me questions about it. The CCR in its present form was probably prepared by a committee of public health representatives all of whom probably have PhDs, and reviewed by staff attorneys, all of whom have no idea of how to communicate with the customers of small water systems. I suggest the CCR be renamed the Consumer Confusing Report.
