

APPENDIX B: eCCR Certification Form (Suggested Format)

Consumer Confidence Report Certification Form

(To be submitted with a copy of the CCR)

Water System Name:	CWS-SPLIT MOUNTAIN WATER SYSTEM
Water System Number:	CA1500407

The water system named above hereby certifies that its Consumer Confidence Report was distributed on 6/19/23 to customers (and appropriate notices of availability have been given). Further, the system certifies that the information contained in the report is correct and consistent with the compliance monitoring data previously submitted to the State Water Resources Control Board, Division of Drinking Water (DDW).

Certified by:

Name: Sophie James	Title: Chief Water Quality Officer
Signature: 	Date: 8/9/2023
Phone number: 408-367-8593	

To summarize report delivery used and good-faith efforts taken, please complete this page by checking all items that apply and fill-in where appropriate:

- ☐ CCR was distributed by mail or other direct delivery methods (attach description of other direct delivery methods used).
- ☒ CCR was distributed using electronic delivery methods described in the Guidance for Electronic Delivery of the Consumer Confidence Report (water systems utilizing electronic delivery methods must complete the second page).
- ☒ "Good faith" efforts were used to reach non-bill paying consumers. Those efforts included the following methods:
 - ☒ Posting the CCR at the following URL: <https://www.calwater.com/water-quality-reports/>
 - ☐ Mailing the CCR to postal patrons within the service area (attach zip codes used)
 - ☐ Advertising the availability of the CCR in news media (attach copy of press release)
 - ☐ Publication of the CCR in a local newspaper of general circulation (attach a copy of the published notice, including name of newspaper and date published)
 - ☐ Posted the CCR in public places (attach a list of locations)

- ☐ Delivery of multiple copies of CCR to single-billed addresses serving several persons, such as apartments, businesses, and schools
- ☐ Delivery to community organizations (attach a list of organizations)
- ☐ Publication of the CCR in the electronic city newsletter or electronic community newsletter or listserv (attach a copy of the article or notice)
- ☐ Electronic announcement of CCR availability via social media outlets (attach list of social media outlets utilized)
- ☐ Other (attach a list of other methods used)
- ☒ *For systems serving at least 100,000 persons:* Posted CCR on a publicly-accessible internet site at the following URL: <https://www.calwater.com/water-quality-reports/>
- ☒ *For privately-owned utilities:* Delivered the CCR to the California Public Utilities Commission

Consumer Confidence Report Electronic Delivery Certification

Water systems utilizing electronic distribution methods for CCR delivery must complete this page by checking all items that apply and fill-in where appropriate.

- ☒ Water system mailed a notification that the CCR is available and provides a direct URL to the CCR on a publicly available website where it can be viewed (attach a copy of the mailed CCR notification). URL: <https://www.calwater.com/water-quality-reports/>
- ☒ Water system emailed a notification that the CCR is available and provides a direct URL to the CCR on a publicly available site on the Internet where it can be viewed (attach a copy of the emailed CCR notification). URL: <https://www.calwater.com/water-quality-reports/>
- ☐ Water system emailed the CCR as an electronic file email attachment.
- ☐ Water system emailed the CCR text and tables inserted or embedded into the body of an email, not as an attachment (attach a copy of the emailed CCR).
- ☐ *Requires prior DDW review and approval.* Water system utilized other electronic delivery method that meets the direct delivery requirement.

Provide a brief description of the water system's electronic delivery procedures and include how the water system ensures delivery to customers unable to receive electronic delivery.

Paperless customers were emailed the URL to 2022 CCR as follows:
--

1. All paperless customers are sent an email by Kubra with instructions for viewing their CCR online.
2. All report of any emails that bounced is returned by Kubra.
3. A physical postcard with instructions for viewing the CCR online is sent to the service address of any customer who email bounced.

This form is provided as a convenience and may be used to meet the certification requirement of section 64483(c) of the California Code of Regulations.

Annual Water Quality Reports Now Available for California Water Service Customers

SAN JOSE, Calif.— To help residents and businesses learn about their local water supply California Water Service (Cal Water) encourages its customers to visit and view their annual Consumer Confidence Report (CCR). Customers can now find their 2022 CCRs, also known as water quality reports, plus obtain prior years' reports online at calwater.com/ccr.

The reports provide detailed information on the water supply, sustainability, testing, standards, and more for the previous year. Customers who do not have internet access may request a copy by contacting their local Cal Water office.

"Protecting our customers' health and safety is our highest priority, and the Consumer Confidence Reports are our way of being transparent about the quality of the water that our customers are drinking, cooking with, and using every day," said Sophie James, Chief Water Quality Officer Sophie James, noting that Cal Water met all primary and secondary standards. "Cal Water customers can rest assured knowing that we treat and test for hundreds of constituents, and that our water either met or surpassed all standards set by the state and U.S. Environmental Protection Agency last year."

About Cal Water

California Water Service provides high-quality, reliable water and/or wastewater services to about 2 million people statewide through 494,500 service connections. It is the biggest subsidiary of California Water Service Group (NYSE: CWT), the largest regulated water utility in the western United States. In total, Group serves more than 2 million people in California, Hawaii, New Mexico, Washington, and Texas through its regulated subsidiaries, California Water Service, Hawaii Water Service, New Mexico Water Service, and Washington Water Service, and its utility holding company, Texas Water Service.

NEWS RELEASE

CALIFORNIA WATER SERVICE

Quality. Service. Value.

What sets Cal Water and Group apart is their commitment to enhancing the quality of life for their customers, communities, employees, and stockholders. Guided daily by their promise to provide quality, service, and value, the company's employees lead the way in working to protect the planet, care for people, and operate with the utmost integrity. Integral to their strategy is investing responsibly in water and wastewater infrastructure, sustainability initiatives, and community well-being. The company has been named one of "America's Most Responsible Companies" and "America's Most Trustworthy Companies" by *Newsweek* and a Great Place to Work®.
