ROADWAY & FLOODING UPDATE

At a special Board of Directors meeting on Saturday April 20, 2019 a proposal on mitigating road and property damage during rain events was discussed. It was determined that the initial proposal was insufficient to meet our needs. The contractor will be meeting with Kern County and the rancher who owns the property to the south, east and north of us to attempt to mitigate the problem at its source. The contractor doing this work will be the one cleaning the accumulated dirt from the roadways, so this has delayed the anticipated cleanup. Another special board meeting will be scheduled when the new proposal is presented. If you wish to be notified of the time and location of this meeting please contact the committee chair, Hal Chiprin at (760) 378-3673.
