

APPENDIX B: eCCR Certification Form (Suggested Format)

Consumer Confidence Report Certification Form

(To be submitted with a copy of the CCR)

Water System Name:	Valley County Water District
Water System Number:	CA1910009

The water system named above hereby certifies that its Consumer Confidence Report was distributed on June 19, 2023 to customers (and appropriate notices of availability have been given). Further, the system certifies that the information contained in the report is correct and consistent with the compliance monitoring data previously submitted to the State Water Resources Control Board, Division of Drinking Water (DDW).

Certified by:

Name: Dana Diaz	Title: Management Analyst
Signature: 	Date: June 21, 2023
Phone number: 626-962-1915	blank

To summarize report delivery used and good-faith efforts taken, please complete this page by checking all items that apply and fill-in where appropriate:

- ☒ CCR was distributed by mail or other direct delivery methods (attach description of other direct delivery methods used).
- ☒ CCR was distributed using electronic delivery methods described in the Guidance for Electronic Delivery of the Consumer Confidence Report (water systems utilizing electronic delivery methods must complete the second page).
- ☒ "Good faith" efforts were used to reach non-bill paying consumers. Those efforts included the following methods:
 - ☒ Posting the CCR at the following URL: www.vcwd.org/231/Consumer-Confidence-Report
 - ☐ Mailing the CCR to postal patrons within the service area (attach zip codes used)
 - ☐ Advertising the availability of the CCR in news media (attach copy of press release)
 - ☐ Publication of the CCR in a local newspaper of general circulation (attach a copy of the published notice, including name of newspaper and date published)
 - ☒ Posted the CCR in public places (attach a list of locations)

- ☒ Delivery of multiple copies of CCR to single-billed addresses serving several persons, such as apartments, businesses, and schools
- ☐ Delivery to community organizations (attach a list of organizations)
- ☐ Publication of the CCR in the electronic city newsletter or electronic community newsletter or listserv (attach a copy of the article or notice)
- ☐ Electronic announcement of CCR availability via social media outlets (attach list of social media outlets utilized)
- ☐ Other (attach a list of other methods used)
- ☐ *For systems serving at least 100,000 persons:* Posted CCR on a publicly-accessible internet site at the following URL: www._____
- ☐ *For privately-owned utilities:* Delivered the CCR to the California Public Utilities Commission

Consumer Confidence Report Electronic Delivery Certification

Water systems utilizing electronic distribution methods for CCR delivery must complete this page by checking all items that apply and fill-in where appropriate.

- ☒ Water system mailed a notification that the CCR is available and provides a direct URL to the CCR on a publicly available website where it can be viewed (attach a copy of the mailed CCR notification). URL: www.vcwd.org/258/Your-Monthly-Bill-Insert
- ☐ Water system emailed a notification that the CCR is available and provides a direct URL to the CCR on a publicly available site on the Internet where it can be viewed (attach a copy of the emailed CCR notification). URL: www._____
- ☐ Water system emailed the CCR as an electronic file email attachment.
- ☐ Water system emailed the CCR text and tables inserted or embedded into the body of an email, not as an attachment (attach a copy of the emailed CCR).
- ☐ *Requires prior DDW review and approval.* Water system utilized other electronic delivery method that meets the direct delivery requirement.

Provide a brief description of the water system's electronic delivery procedures and include how the water system ensures delivery to customers unable to receive electronic delivery.

Customers were made aware of the electronic version of the 2022 Consumer
Confidence Report via bill inserts. A printed copy is also available to customers by

mail, if requested, or available to be picked up in the lobby of the District's Headquarters

*This form is provided as a convenience and may be used to meet the certification
requirement of
section 64483(c) of the California Code of Regulations.*

the SOURCE

We live in an arid climate. Even during wet years, we can't go back to "watering daily."

Making permanent changes is the only way to weather times of drought.

Updated WATER USE RESTRICTIONS

Our community continues to use less water and make permanent water use changes at home. Improved groundwater levels allow the District to scale back some of our water use restrictions, but customers are encouraged to continue conserving for future times of drought.

The District's Board of Directors voted to return to a Stage One Water Supply Emergency, which means:

- **Outdoor irrigation 3 times per week before 9am and after 5pm.**
 - Even addresses can water Monday, Thursday and Saturday
 - Odd addresses can water Tuesday, Friday and Sunday
- **No watering on Wednesdays.**
- **Leaks must be fixed within 5 days after District notice.**
- **Permanent water conservation measures are still in affect and can be found online at vcwd.org/conservation.**

Water Quality Report

Keeping our customers informed is part of the District's commitment to building trust and confidence in your tap water. Information about the quality of your water is provided yearly in the Consumer Confidence Report, which will be available June 30, 2023 online at vcwd.org/ccr and sent to our customers in July.

Scan this QR code with your smartphone for a video walk-through explaining the District's Consumer Confidence Report.

the SOURCE

Vivimos en un clima árido. Hasta en los años lluviosos, no podemos volver a "regar a diario".

Hacer cambios permanentes es la única forma de capear futuros tiempos de sequía.

Restricciones DE USO DE AGUA ACTUALIZADAS

Nuestra comunidad continúa usando menos agua y haciendo cambios permanentes en el uso del agua en el hogar. Los niveles mejorados de agua subterránea permiten que el Distrito reduzca algunas de nuestras restricciones de uso de agua, pero se alienta a los clientes a continuar conservando para futuras épocas de sequía.

La Junta Directiva del Distrito votó para regresar a la primera etapa de Emergencia de Suministro de Agua, lo que significa:

- **Riego exterior 3 veces por semana antes de las 9 a.m. y después de las 5 p.m.**
 - Domicilios con numeros pares podran regar Lun., Jue., y Sáb.
 - Domicilios con numeros impares podran regar Mart., Vier., y Dom.
- **No regar los Miércoles.**
- **Las fugas deben de repararse dentro de los 5 días posteriores a la notificación del Distrito.**
- **Las medidas permanentes de conservación de agua siguen vigentes y se pueden encontrar en línea en vcwd.org/conservation.**

Informe de Calidad del Agua

Mantener informados a nuestros clientes es parte del compromiso del Distrito de generar confianza en el agua del grifo. La información sobre la calidad de su agua se proporciona anualmente en el Informe de Confianza del Consumidor, que estará disponible el 30 de Junio de 2023 en línea en vcwd.org/ccr y enviado a nuestros clientes en Julio.

Escanee este código QR con su teléfono inteligente para ver un recorrido en video que explica el Informe de Confianza del Consumidor del Distrito.
