

eCCR Certification Form

Consumer Confidence Report Certification Form

(To be submitted with a copy of the CCR)

Water System Name:	California State Polytechnic University, Pomona
Water System Number:	1910022

The water system named above hereby certifies that its Consumer Confidence Report was distributed on June 16, 2022, to customers (and appropriate notices of availability have been given). Further, the system certifies that the information contained in the report is correct and consistent with the compliance monitoring data previously submitted to the State Water Resources Control Board, Division of Drinking Water (DDW).

Certified by:

Name: George Lwin	Title: Manager, Energy, Utility & MEP Services
Signature: <i>George Lwin</i>	Date: 07-22-22
Phone number: 909-869-3034	

To summarize report delivery used and good-faith efforts taken, please complete this page by checking all items that apply and fill-in where appropriate:

- ☐ CCR was distributed by mail or other direct delivery methods (attach description of other direct delivery methods used).
- ☒ CCR was distributed using electronic delivery methods described in the Guidance for Electronic Delivery of the Consumer Confidence Report (water systems utilizing electronic delivery methods must complete the second page).
- ☒ "Good faith" efforts were used to reach non-bill paying consumers. Those efforts included the following methods:
 - ☒ Posting the CCR at the following URL:
<https://www.cpp.edu/fpm/forms/reports.shtml> (see attached screenshot) And on CPP's "The Compass" at the following URL:
<https://www.cpp.edu/compass/index.shtml> (see attached)
 - ☐ Mailing the CCR to postal patrons within the service area (attach zip codes used)
 - ☐ Advertising the availability of the CCR in news media (attach copy of press release)
 - ☐ Publication of the CCR in a local newspaper of general circulation (attach a copy of the published notice, including name of newspaper and date published)

- ☐ Posted the CCR in public places (attach a list of locations)
- ☐ Delivery of multiple copies of CCR to single-billed addresses serving several persons, such as apartments, businesses, and schools
- ☐ Delivery to community organizations (attach a list of organizations)
- ☒ Publication of the CCR in the electronic city newsletter or electronic community newsletter or listserv (attach a copy of the article or notice)
 - CPP This Week
 - PolyCentric / University News Center
- ☐ Electronic announcement of CCR availability via social media outlets (attach list of social media outlets utilized)
- ☐ Other (attach a list of other methods used)
- ☐ *For systems serving at least 100,000 persons:* Posted CCR on a publicly-accessible internet site at the following URL: www._____
- ☐ *For privately-owned utilities:* Delivered the CCR to the California Public Utilities Commission

Consumer Confidence Report Electronic Delivery Certification

Water systems utilizing electronic distribution methods for CCR delivery must complete this page by checking all items that apply and fill-in where appropriate.

- ☐ Water system mailed a notification that the CCR is available and provides a direct URL to the CCR on a publicly available website where it can be viewed (attach a copy of the mailed CCR notification). URL: www._____
- ☒ Water system emailed a notification that the CCR is available and provides a direct URL to the CCR on a publicly available site on the Internet where it can be viewed (attach a copy of the emailed CCR notification). URL: <https://www.cpp.edu/compass/news/2021-cpp-water-quality-report-final.pdf>
- ☐ Water system emailed the CCR as an electronic file email attachment.
- ☐ Water system emailed the CCR text and tables inserted or embedded into the body of an email, not as an attachment (attach a copy of the emailed CCR).
- ☐ *Requires prior DDW review and approval.* Water system utilized other electronic delivery method that meets the direct delivery requirement.

Provide a brief description of the water system's electronic delivery procedures and include how the water system ensures delivery to customers unable to receive electronic delivery.

Every person associated with the Cal Poly Pomona Water System (staff, faculty, students, and auxiliary staff) has an email address and was emailed both a notification that the CCR was available and provided a direct URL to the CCR where it could be viewed ("Facilities Newsbreak").

Additionally, the CCR was published in the electronic community newsletters ("CPP This Week" and "PolyCentric / University News Center") and on the CPP webpage of all Facilities Newsbreaks ("The Compass").

The name, telephone number and email address of a contact person was given to address any questions.

This form is provided as a convenience and may be used to meet the certification requirement of section 64483(c) of the California Code of Regulations.

CPP Water Quality Report

Facilities Planning & Management has released its [2021 Water Quality Report](#). The in-depth report contains important information about the quality of the campus drinking water and the university's efforts to continue to provide the highest quality water. In 2021, Cal Poly Pomona's drinking water met or exceeded all drinking water health standards of the U.S. Environmental Protection Agency and the State of California. If you have specific questions about the quality of

drinking water supplied to the campus community, please contact Joseph Phillipy, chief operator of the water treatment plant, at wateroperations@cpp.edu.
