### CPP Issues Water Quality Report for 2022

Facilities Planning & Management has released its 2022 Water Quality Report. The in-depth report contains important information about the quality of the campus drinking water and the university's efforts to continue to provide the highest quality water. In 2022, Cal Poly Pomona's drinking water met or exceeded all drinking water health standards of the U.S. Environmental Protection Agency and the State of California. If you have specific questions about the quality of drinking water supplied to the campus community, contact Joseph Phillipy, chief operator of the water treatment plant, at wateroperations@cpp.edu.
