**FOR IMMEDIATE RELEASE**

## **Notice for Important Information About Your Drinking Water Quality from SCV Water**

The Santa Clarita Valley Water Agency (SCV Water) and Los Angeles County Waterworks District #36 continuously work to ensure you and your neighbors have a reliable supply of high quality water at a reasonable price. The State Water Resources Control Board Division of Drinking Water requires water agencies to provide all customers an annual report on the quality of drinking water and to show how it meets federal and state drinking water standards.

This 2018 Annual Water Quality Report (also known as the Consumer Confidence Report) describes in detail the quality of local water supplies in the Santa Clarita Valley during 2017. There is an additional explanation of the requirements and test results in the report. Due to a change in the law and a desire to save our ratepayers money, SCV Water is posting the report on its website and mailing notices of its availability to customers.

### **About SCV Water:**

The Santa Clarita Valley Water Agency (SCV Water) is a full-service regional water agency located in the Santa Clarita Valley. SCV Water provides water service to business and residential customers – half are local groundwater supplies and the other half is imported from the State Water Project and other sources.

SCV Water was formed on January 1, 2018 and combines the former service areas of Castaic Lake Water Agency, Newhall County Water District, Santa Clarita Water Division and Valencia Water Company. Following a multi-year public engagement process, the agency was formed through Senate Bill 634 authored by Senator Scott Wilk and signed by Governor Jerry Brown on October 15, 2017. SCV Water was formed to improve regional water management, enhance water governance and reduce costs for local ratepayers.
