The Consumer Confidence Report, or CCR, is an annual water quality report that the Safe Drinking Water Act (SDWA) requires the City of La Verne to provide to you. The purpose of the CCR is to raise customer awareness of the quality of their drinking water, where their drinking water comes from, what it takes to deliver water to their homes and businesses, and the importance of protecting drinking water sources.

The Division of Drinking Water allows for electronic delivery of the CCR. The electronic delivery method will allow the City of La Verne to reduce consumption of paper, and minimize printing and mailing costs.
