

APPENDIX G: CCR Certification Form (Suggested Format)

Consumer Confidence Report Certification Form (to be submitted with a copy of the CCR)

(To certify electronic delivery of the CCR, use the certification form on the State Water Board's website at
http://www.swrcb.ca.gov/drinking_water/certlic/drinkingwater/CCR.shtml)

Water System Name:	City of Pomona
Water System Number:	1910126

The water system named above hereby certifies that its Consumer Confidence Report was distributed on June 28, 2024 to customers (and appropriate notices of availability have been given). Further, the system certifies that the information contained in the report is correct and consistent with the compliance monitoring data previously submitted to the State Water Resources Control Board, Division of Drinking Water.

Certified by: Nick Capogni
Name: Nick Capogni
Signature: 
Title: Water Quality Supervisor
Phone number: 909-620-2248
Date: June 28, 2024

To summarize report delivery used and good-faith efforts taken, please complete the below by checking all items that apply and fill-in where appropriate:

- ☒ CCR was distributed by mail or other direct delivery methods. Specify other direct delivery methods used: **Electronic delivery methods**
- ☒ "Good faith" efforts were used to reach non-bill paying consumers. Those efforts included the following methods:
 - ☒ Posting the CCR on the Internet at **<https://www.pomonaca.gov/government/departments/water-resources-department/water-quality-reports-public-notices-copy>**
 - ☐ Mailing the CCR to postal patrons within the service area (attach zip codes used)
 - ☐ Advertising the availability of the CCR in news media (attach copy of press release)
 - ☐ Publication of the CCR in a local newspaper of general circulation (attach a copy of the published notice, including name of newspaper and date published)
 - ☒ Posted the CCR in public places (attach a list of locations)
 - ☐ Delivery of multiple copies of CCR to single-billed addresses serving several persons, such as apartments, businesses, and schools
 - ☒ Delivery to community organizations (attach a list of organizations)
 - ☒ Other (attach a list of other methods used)

- ☒ For systems serving at least 100,000 persons: Posted CCR on a publicly-accessible internet site at the following address: **<https://www.pomonaca.gov/government/departments/water-resources-department/water-quality-reports-public-notice-copy>**
- ☐ For investor-owned utilities: Delivered the CCR to the California Public Utilities Commission

This form is provided as a convenience for use to meet the certification requirement of the California Code of Regulations, section 64483(c).

Please report water conservation concerns by calling our Water Watcher reporting line at 909-620-2244. For after-hours water issues, call Pomona Police Dispatch for non-emergencies at 909-622-1241.

Pickleball Courts Grand Opening at Palomares Park

Pickleball, a combination of tennis (net), ping-pong (paddle), and badminton (size of court) is America's fastest growing sport for the fifth consecutive year in a row. ESPN recently signed a deal with the Association of pickleball to broadcast and stream live coverage of events. The growth has also attracted interest from a variety of investors and athletes, including NBA players LeBron James, Kevin Love, and Draymond Green, who are part of an ownership group for the Major League Pickleball. The league has expanded to 24 teams and has set a goal for the sport to reach 40 million players by 2030.

Historically, there were no pickleball courts in Pomona. The City has received several requests from the public to add such courts, knowing that there are pickleball courts in neighboring cities. Palomares Park, a 17-acre park with various amenities such as a community center (Facilities/Rental office/Staff offices), senior center, teen center, basketball courts, and baseball/softball fields, is an excellent site to accommodate the City's first pickleball courts. The four (4) existing tennis courts at the North end of Palomares Park were resurfaced and restriped to create 16 pickleball courts, as this would continue to allow tennis play. Due to the smaller dimension requirements of a standard pickleball court (20' x 44') for both singles and doubles, installing hybrid tennis/pickleball courts provides the ability for one (1) tennis court to accommodate up to four (4) pickleball courts. While the maximum number of people playing tennis on one court is four players playing doubles, the maximum number of people playing pickleball, using the same space, can be up to 16 players on four courts, which further activates positive activities in the park and creates opportunities for leagues, games, and tournaments.

In creating a pilot program for pickleball, recreational activities will be integrated into existing youth, teen, and senior programming, including opportunities for inter-generational play. Outdoor & Active, the Pomona Unified School District (PUSD) funded program administered by City staff, offers youth ages 4-17 opportunities to participate in youth sports, recreation games, and nature based activities. La Casita Teen Center, located at Palomares Park, offers youth ages 13-17 a place to do homework, play billiards, video games, and play sports. The Senior Program offers a senior meals program, nutrition classes, computer classes, and health/fitness classes for adults 60+. Pickle ball can be incorporated at all of these levels.
