CITY OF TORRANCE MUNICIPAL WATER

Consumer Confidence Report Available Online June 9, 2026

The Consumer Confidence Report (CCR) is an annual water quality report that the Safe Drinking Water Act (SDWA) requires Torrance Municipal Water (TMW) to provide its water customers in the TMW service area. The purpose of the CCR is to raise customer awareness of the quality of your drinking water, inform you where your drinking water comes from, what it takes to deliver water to your home, and the importance of protecting drinking water sources.

In the past, Torrance Municipal Water has mailed its customers a printed copy of the CCR to comply with the Safe Drinking Water Act. The current CCR covers calendar year 2025.

On February 21, 2013, the California Department of Public Health expanded its interpretation of the Safe Drinking Water Act to allow for electronic delivery of the CCR. The electronic delivery method will allow Torrance Municipal Water to reduce the consumption of paper and minimize potential printing and mailing costs.

If you would like a paper copy of the 2025 Consumer Confidence Report mailed to your address or would like to speak with someone about the report, please call 310-781-6900 or email PublicWorksInfo@TorranceCA.Gov.
