PAYMENT INFORMATION

IMPORTANT INFORMATION FOR CUSTOMERS PAYING BY CHECK

When you pay your bill by check, you authorize us to electronically process your check. If your check is processed electronically, your checking account may be debited the same day we receive the check and it will not be returned with your checking account statement. If someone other than you or a bill paying service pays your bill, you must notify them of this policy. Electronic check conversion is simply a process where your paper check is converted to an electronic payment from your account. Your check is copied and stored and the original check is destroyed. In most cases, your payment will show as an ACH or electronic debit. For more information regarding this process, visit the Federal Reserve internet site at <http://www.federalreserve.gov> or <http://electronicpayments.org>.

Water Quality Reports

Lakewood's water quality report gives the results of water quality tests mandated by state and federal drinking water standards. The city's water comes exclusively from the city's deep wells, all located in the city, which lies within the Central Groundwater Basin.

How residents can report illegal fireworks

To help the City of Lakewood combat the use of illegal fireworks, residents are encouraged to report an active or known address of illegal firework use. Undischarged illegal fireworks can be forfeited to the Lakewood Sheriff's Station or any L.A. County Fire Station.

KNOW WHO TO CALL, AND WHEN? CALL THE LAKEWOOD SHERIFF'S STATION: (562) 623-3500, the non-emergency line if:

- You just witnessed someone lighting off illegal fireworks.
- You heard the location that actively uses illegal fireworks just set off a firework.
- You see or hear illegal fireworks currently in use.

Use the Lakewood Connect App on your phone or go to www.lakewoodcity.org/service (then enter "fireworks" in the search bar) if:

- Someone in your neighborhood typically lights fireworks around a certain time; for example, 8 p.m. every Saturday.
- There's a known location in your neighborhood with the regular use of illegal fireworks.

You can also report known addresses of illegal fireworks users by calling City Hall's customer service team at 562-866-9771, ext. 2140. After business hours, leave a message with as much information as possible, including the address or cross streets of the location.

REMINDER: The use of 'Safe and Sane' fireworks are ONLY legal on July 4th from 10 a.m. to 11 p.m. ALL fireworks, including 'Safe and Sane,' are considered illegal before or after July 4th.

If a firework does not have a State Fire Marshal 'Safe and Sane' approved seal on the packaging, that firework is classified as dangerous and is prohibited in Lakewood or anywhere in California. Safe and Sane fireworks do not explode, go into the air, or have sound that travels far.

The problem of illegal fireworks use has grown in recent years throughout California and the nation.

"It doesn't matter whether a community allows or disallows 'safe-and-sane' fireworks. The problem of illegal fireworks is the same in both types of communities," says Lakewood City Manager Thaddeus McCormack. "Despite the challenges, Lakewood is known throughout Southern California as a city that does everything it can to deter and reduce the use of illegal fireworks," says McCormack.

Lakewood Water Quality report and conservation update

The City of Lakewood's 2022 Water Quality Report shows that the city's drinking water continues to meet all federal and state quality standards.

You can view the report at www.lakewoodcity.org/water-quality.

After the record-breaking rain and snow of the past season, California's drought has officially ended, and the most stringent water conservation rules have been lifted by the state Water Resources Control Board. The ending of these rules applies to Lakewood residents.

For example, Lakewood residents can now water their yards

without the specific limit of the number of minutes per week that has existed for the past several years.

However, as a good practice against the wasting of water, the following rules remain in effect statewide and in Lakewood through at least the end of December 2023:

- Watering is prohibited during or within 48 hours of rainfall.
- No hosing off sidewalks, driveways and other hardscapes.
- No sprinkler runoff to sidewalks, gutters and other landscape.
- No washing of cars and

equipment, except from a bucket or hose with an automatic shut-off nozzle.

In addition, in commercial and industrial settings, the statewide restriction remains against the watering of "non-functional" turf (solely ornamental and not used for recreation or gatherings). This

rule does not apply to residential water users.

If you want a printed copy of the Water Quality Report or have any questions about water conservation, contact the Lakewood Department of Water Resources at 562-866-9771, ext. 2700.
