## PAYMENT INFORMATION

### IMPORTANT INFORMATION FOR CUSTOMERS PAYING BY CHECK

When you pay your bill by check, you authorize us to electronically process your check. If your check is processed electronically, your checking account may be debited the same day we receive the check and it will not be returned with your checking account statement. If someone other than you or a bill paying service pays your bill, you must notify them of this policy. Electronic check conversion is simply a process where your paper check is converted to an electronic payment from your account. Your check is copied and stored and the original check is destroyed. In most cases, your payment will show as an ACH or electronic debit. For more information regarding this process, visit the Federal Reserve internet site at <http://www.federalreserve.gov> or <http://electronicpayments.org>.

## Water Quality Report for 2023

The City of Lakewood's 2023 Water Quality Report shows that the city's drinking water continues to meet all federal and state quality standards.

[View the report.](#)

After the heavy rain and snow of the past two seasons, California's water conditions have significantly improved and the drought has officially ended. Stringent water conservation rules imposed during the drought have been lifted by the State Water Resources Control Board. The ending of these rules also applies to Lakewood residents.

## Survive for 7 at Lakewood Youth Center

Emergencies and natural disasters can happen anytime, anywhere. Do you have your emergency supplies stocked and ready, just in case?

If not, please join the next free emergency preparedness seminar, Survive for 7, on Tuesday, July 16 at 6 p.m. at the Lakewood Youth Center.

No registration is needed and all ages are welcome.

You will learn about the types of regional emergencies and disasters that can impact Lakewood, and what you can do to prepare yourself and your family to survive in the seven days following a disaster when help may not be available.

The session runs about 90 minutes and concludes with a free raffle for all in attendance.

The Lakewood Youth Center is located at 4658 Woodruff Ave.

Call the Lakewood Public Safety Department at 562-866-9771, ext. 2114 for more information.

## Lakewood Water Quality Report and conservation update

The City of Lakewood's 2023 Water Quality Report shows that the city's drinking water continues to meet all federal and state quality standards.

You can view the report at [www.lakewoodcity.org/water-quality](http://www.lakewoodcity.org/water-quality).

After the heavy rain and snow of the past two seasons, California's water conditions have significantly improved and the drought has officially ended. Stringent water conservation rules imposed during the drought have been lifted by the State Water Resources Control Board. The ending of these rules also applies to Lakewood residents.

For example, Lakewood residents can now water their yards without the specific limit of the number of minutes per week that has existed for the past several years.

However, as a good practice against the wasting of water, the following rules remain in effect statewide and in Lakewood until further notice:

- No landscape watering within 48 hours of rainfall.
- No hosing off sidewalks, drive-

ways and other hardscapes.

- No sprinkler runoff to side walks, gutters and other landscape.

- No washing of cars and equipment, except from a bucket or hose with an automatic shut-off nozzle.

In addition, in commercial and industrial settings, the statewide restriction remains against the watering of "non-functional" turf (solely ornamental and not used for recreation or gatherings). This rule does not apply to residential water users.

"Thank you Lakewood residents for your diligent efforts during this most recent drought," said Lakewood Water Resources Director, Dr. Derek Nguyen.

"You helped our community conserve our precious resource and put our city in a good position to make it through future droughts, which we know will return at some point."

If you want a printed copy of the Water Quality Report or have any questions about water conservation, contact the Lakewood Department of Water Resources at 562-866-9771, ext. 2700.

# Water Quality

Lakewood's water quality report gives the results of water quality tests mandated by state and federal drinking water standards. The city's water comes exclusively from the city's deep wells, all located in the city, which lies within the Central Groundwater Basin.
