Chau Tran, Water Resource Control Engineer
State Water Resource Control Board
Division of Drinking Water – Angeles District
500 North Central Avenue, Suite 500
Glendale, CA 91203

Subject: 2026 Consumer Confidence Report reporting 2025 Water Quality Data

Dear Chau Tran,

Pursuant to Section 64483(c), Title 22, California Code of Regulations which requires a water system to “mail a copy of the ... [CCR] to the Department, followed within 3 months by a certification that the report has been distributed to customers, and that the information is correct and consistent with the compliance monitoring data previously submitted to the Department”, enclosed are Santa Clarita Valley Water Agency 2026 CCR and CCR Certification Form.

If you require any additional information, you can contact me at 661-259-1635 or janderson@scvwa.org.

Sincerely,

Jenny Anderson
Water Quality Specialist

APPENDIX B: eCCR Certification Form (Suggested Format)

Consumer Confidence Report Certification Form

(To be submitted with a copy of the CCR)

Water System Name:	SCV Water
Water System Number:	1910240

The water system named above hereby certifies that its Consumer Confidence Report was distributed on 5/27, 6/3, 6/10, 6/17 (date) to customers (and appropriate notices of availability have been given). Further, the system certifies that the information contained in the report is correct and consistent with the compliance monitoring data previously submitted to the State Water Resources Control Board, Division of Drinking Water (DDW).

Certified by:

Name: Jenny Anderson	Title: Water Quality Specialist
Signature: 	Date: 06/30/26
Phone number: (661) 295-1635	blank

To summarize report delivery used and good-faith efforts taken, please complete this page by checking all items that apply and fill-in where appropriate:

- ☐ CCR was distributed by mail or other direct delivery methods (attach description of other direct delivery methods used).
- ☒ CCR was distributed using electronic delivery methods described in the Guidance for Electronic Delivery of the Consumer Confidence Report (water systems utilizing electronic delivery methods must complete the second page).
- ☒ "Good faith" efforts were used to reach non-bill paying consumers. Those efforts included the following methods:
 - ☒ Posting the CCR at the following URL: www. <https://yourscvwater.com/water-quality/#waterqualityreports>
 - ☐ Mailing the CCR to postal patrons within the service area (attach zip codes used)
 - ☒ Advertising the availability of the CCR in news media (attach copy of press release)
 - ☒ Publication of the CCR in a local newspaper of general circulation (attach a copy of the published notice, including name of newspaper and date published)
 - ☐ Posted the CCR in public places (attach a list of locations)

- ☐ Delivery of multiple copies of CCR to single-billed addresses serving several persons, such as apartments, businesses, and schools
- ☐ Delivery to community organizations (attach a list of organizations)
- ☐ Publication of the CCR in the electronic city newsletter or electronic community newsletter or listserv (attach a copy of the article or notice)
- ☐ Electronic announcement of CCR availability via social media outlets (attach list of social media outlets utilized)
- ☐ Other (attach a list of other methods used)
- ☐ *For systems serving at least 100,000 persons:* Posted CCR on a publicly-accessible internet site at the following URL: www. <https://yourscvwater.com/water-quality/#waterqualityreports>
- ☐ *For privately-owned utilities:* Delivered the CCR to the California Public Utilities Commission

Consumer Confidence Report Electronic Delivery Certification

Water systems utilizing electronic distribution methods for CCR delivery must complete this page by checking all items that apply and fill-in where appropriate.

- ☒ Water system mailed a notification that the CCR is available and provides a direct URL to the CCR on a publicly available website where it can be viewed (attach a copy of the mailed CCR notification). URL: www. <https://yourscvwater.com/water-quality/#waterqualityreports>
- ☒ Water system emailed a notification that the CCR is available and provides a direct URL to the CCR on a publicly available site on the Internet where it can be viewed (attach a copy of the emailed CCR notification). URL: <https://yourscvwater.com/water-quality/#waterqualityreports>
- ☐ Water system emailed the CCR as an electronic file email attachment.
- ☐ Water system emailed the CCR text and tables inserted or embedded into the body of an email, not as an attachment (attach a copy of the emailed CCR).
- ☐ *Requires prior DDW review and approval.* Water system utilized other electronic delivery method that meets the direct delivery requirement.

Provide a brief description of the water system's electronic delivery procedures and include how the water system ensures delivery to customers unable to receive electronic delivery.

We mailed a notification that the CCR is available and provided a direct URL to the SCV Water website. We used electronic delivery methods through our billing system

as described in the Guidance for Electronic Delivery of the Consumer Confidence Report. Hard copies made available upon request. Hard copies were dropped off at libraries in the service area.

*This form is provided as a convenience and may be used to meet the certification
requirement of
section 64483(c) of the California Code of Regulations.*

Subject: 5/28 Status Update: 2026 CCR
Date: Thursday, May 28, 2026 1:17:36 PM
Attachments: [image001.png](#)

Hey Team,

Just a quick status update for the 2026 CCR:

1. The English and Spanish documents have been posted to the website and linked appropriately to:
 - a. yourSCVwater.com/CCR2026
 - b. yourSCVwater.com/CCR2026espanol

Please give the links a check on your own. They opened for me.

2. Notifications
 - a. Print (Bill Insert) – distributed in the billing cycles: 5/27, 6/3, 10 and 17
 - b. Digital (Constant Contact) – scheduled to send June 10
3. Legal Ad
 - a. Sent to The Signal 5/27. Run dates: 6/4, 5 and 6
4. Press release
 - a. Will distribute week of June 1
5. Social Media
 - a. Posts (1x/week) – June 1-30
6. Print copies
 - a. Casey will reach out about print quantities for Ccare, Water Quality, libraries, kiosks and extra copies

I think that covers it! Feel free to reach out with any questions or concerns.

Thanks everyone for another year putting together an informative and visually interesting CCR!

Lindsey

SCV WATER 2026 CONSUMER CONFIDENCE REPORT

2026

Consumer Confidence Report

NOTICE FOR IMPORTANT INFORMATION ABOUT DRINKING WATER QUALITY

2026 CONSUMER CONFIDENCE REPORT

yourSCVwater.com/CCR2026

**THIS NOTICE CONTAINS INSTRUCTIONS FOR YOU TO OBTAIN
IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER.
TRANSLATE IT, OR SPEAK WITH SOMEONE WHO UNDERSTANDS IT.**

The Consumer Confidence Report, or CCR, is an annual water quality report that the Safe Drinking Water Act (SDWA) requires SCV Water to provide all of its customers. The purpose of the CCR is to raise customers' awareness of the quality of their drinking water, where their drinking water comes from, what it takes to deliver water to their homes, and the importance of protecting drinking water sources.

As you celebrate with friends and family, SCV Water encourages you to stay water-wise while enjoying the festivities. Be mindful when running sprinklers, filling pools, or using hoses, and turn off water when it's not needed. Small habits like fixing leaks, avoiding overwatering, and sweeping instead of hosing down patios can help reduce unnecessary waste.

With hot summer temperatures and increased outdoor activity, every drop counts. By using water efficiently, you're helping ensure a safe, reliable supply for firefighters, neighbors, and the entire community. Finally, remember that fire safety matters. Leave fireworks to the professionals.

Have a fun, safe, and water-smart Independence Day!

SCOUT DAYS AT SCV WATER ARE BACK THROUGH JULY 30!

Looking for a fun and educational summer activity? SCV Water's popular Scout Days program is back through July 30, 2026, offering hands-on learning experiences for Scouts ages 6–18. Held Tuesday through Thursday from 9–11 a.m., this interactive program takes place at the E.G. "Jerry" Gladbach Water Treatment Plant above Central Park.

Participants will explore topics like watersheds, soil types, the State Water Project, and water conservation through engaging activities and guided tours. Scouts can even complete requirements

toward badges while enjoying behind-the-scenes access and hands-on learning stations—plus earn a special Scout Days fun patch! Scouts may attend individually (with an adult chaperone) or as part of a Pack, Troop, or Patrol. Space is limited, so early registration is encouraged.

[CLICK TO REGISTER OR TO LEARN MORE](#)

GARDENING WORKSHOP FOR KIDS: BUILD A BUG SNUG!

Let your kids get creative while helping the environment! In this hands-on class, young gardeners will build their own cozy "bug snug" habitats for beneficial insects and pollinators. Along the way, they'll learn why these tiny helpers matter and how they keep our gardens healthy and thriving. Perfect for curious kids who love nature!

Kids' Bug Snug Class: Build a Home for Helpful Bugs

**Saturday, July 18, 2026,
from 9-11 a.m.
at Bridgeport Park**
Space is limited. Registration is
required.

[REGISTER TODAY!](#)

**ICYMI: SCV WATER ACADEMY APPLICATIONS
BEING ACCEPTED!**

Interested in learning how water works in our valley? SCV Water is now accepting applications for its free 2026 Water Academy, a four-session program in September that offers a behind-the-scenes look at local water systems, infrastructure, and planning.

Participants will hear from industry experts, tour key facilities, and explore topics like water supply, conservation, water quality, and emerging challenges.

Sessions will be held September 9, 16, & 23 (5–8 p.m.) and September 26 (8:30–11 a.m.). Space is limited, and applications are due by August 25, 2026.

APPLY TODAY!

**2026 CONSUMER CONFIDENCE REPORT
NOW AVAILABLE**

Our 2026 Consumer Confidence Report (CCR) is now available! This annual report provides important information about your drinking water, including where it comes from, what it contains, and how it meets state and federal standards.

We encourage you to take a moment to review the report and learn more about the quality of your water and our ongoing commitment to providing safe, reliable service.

NEWS RELEASE
DATE: June 1, 2026
FOR IMMEDIATE RELEASE

SCV Water Releases 2026 Annual Consumer Confidence Report

Water supplied to customers continues to meet or surpass State and Federal quality standards

SCV Water's is proud to announce its 2026 Annual Consumer Confidence Report is now available for customers to review. This year's report, compiled in partnership with Los Angeles County Waterworks District #36, shows that water provided by the Agency to customers continued to meet or surpass rigorous State and Federal drinking water compliance standards in 2025.

"Over the past year, SCV Water has continued its mission to restore local water quality and groundwater supplies, while also preparing for the future water needs of Santa Clarita as our community grows," said SCV Water General Manager Matt Stone. "We are proud to provide our customers with safe, reliable, drinking water. I encourage our customers to read our report to learn more about the quality of your water, our commitment to sustainability, and the work we do protect our local resources."

The report, also referred to as a Water Quality Report, is an annual requirement from the State Water Resources Control Board's Division of Drinking Water (DDW). It provides a snapshot of local water quality supplies in the Santa Clarita Valley and details where the Agency's water comes from, what it contains, and how it compares to strict water quality standards.

Before reaching a customer's tap, the Agency's water supply must withstand rigorous rounds of treatment and monitoring. More than 20,000 tests per year are performed to ensure a safe water supply is delivered to customers.

The full report is available online in both English and Spanish:

- English: yourSCVwater.com/CCR2026
- Spanish: yourSCVwater.com/CCR2026espanol

All SCV Water customers will receive a bill insert no later than June 30, 2026, notifying them that the report is available. Customers can also obtain printed copies in both languages by calling (661) 294-0828 or emailing ccare@scvwa.org.

SCV Water is planning for the future by enhancing groundwater sustainability, expanding our recycled water systems, and managing a robust water shortage strategy. The Agency also remains dedicated to exceptional water stewardship by providing reliable quality water to customers.

###

About SCV Water:

The Santa Clarita Valley Water Agency (SCV Water) is a full-service regional water agency located in the Santa Clarita Valley. SCV Water provides water service to approximately 75,000 business and residential customers. It was formed on January 1, 2018, when local water suppliers combined into one integrated, regional water provider. More information can be found at www.yourSCVwater.com

SCV Water Releases 2026 Annual Consumer Confidence Report

Posted by: [KHTS News Release](#) in [Press Releases](#), [Santa Clarita Latest News](#), [Water](#) June 1, 2026 - 9:25 am [0](#) 285 Views

SCV Water is proud to announce that its 2026 Annual Consumer Confidence Report is now available for customers to review.

This year's report, compiled in partnership with Los Angeles County Waterworks District #36, shows that water provided by the Agency to customers continued to meet or surpass rigorous State and Federal drinking water compliance standards in 2025.

“Over the past year, SCV Water has continued its mission to restore local water quality and groundwater supplies, while also preparing for the future water needs of Santa Clarita as our community grows,” said SCV Water General Manager Matt Stone. “We are proud to provide our customers with safe, reliable, drinking water. I encourage our customers to read our report to learn more about the quality of your water, our commitment to sustainability, and the work we do protect our local resources.”

The report, also referred to as a Water Quality Report, is an annual requirement from the State Water Resources Control Board's Division of Drinking Water (DDW).

It provides a snapshot of local water quality supplies in the Santa Clarita Valley and details where the Agency's water comes from, what it contains, and how it compares to strict water quality standards.

Before reaching a customer's tap, the Agency's water supply must withstand rigorous rounds of treatment and monitoring. More than 20,000 tests per year are performed to ensure a safe water supply is delivered to customers.

The full report is available online in both English and Spanish:

- English: [yourSCVwater.com/CCR2026](https://yourscvwater.com/CCR2026)
- Spanish: [yourSCVwater.com/CCR2026espanol](https://yourscvwater.com/CCR2026espanol)

All SCV Water customers will receive a bill insert no later than June 30, 2026, notifying them that the report is available. Customers can also obtain printed copies in both languages by calling (661) 294-0828 or emailing ccare@scvwa.org.

SCV Water is planning for the future by enhancing groundwater sustainability, expanding our recycled water systems, and managing a robust water shortage strategy. The Agency also remains dedicated to exceptional water stewardship by providing reliable quality water to customers.

Ed. Note: The above information was provided to KHTS Radio by SCV Water.

SCV Water has announced that its 2026 Annual Consumer Confidence Report is now available for customers to review. This year's report, compiled in partnership with Los Angeles County Waterworks District #36, shows that water provided by the Agency to customers continued to meet or surpass rigorous state and federal drinking water compliance standards in 2025.

"Over the past year, SCV Water has continued its mission to restore local water quality and groundwater supplies, while also preparing for the future water needs of Santa Clarita as our community grows," said SCV Water General Manager Matt Stone. "We are proud to provide our customers with safe, reliable drinking water. I encourage our customers to read our report to learn more about the quality of your water, our commitment to sustainability and the work we do protect our local resources."

The report, also referred to as a Water Quality Report, is an annual requirement from the State Water Resources Control Board's Division of Drinking Water. It provides a snapshot of local water quality supplies in the Santa Clarita Valley and details where the agency's water comes from, what it contains and how it compares to strict water quality standards.

Before reaching a customer's tap, the agency's water supply must withstand rigorous rounds of treatment and monitoring. More than 20,000 tests per year are performed to ensure a safe water supply is delivered to customers.

The full report is available online in both English and Spanish:

English: [com/CCR2026](#)

Spanish: [com/CCR2026espanol](#)

All SCV Water customers will receive a bill insert no later than June 30, notifying them that the report is available. Customers can also obtain both languages by calling (661) 294-0828 or emailing ccare@scvwa.org.

SCV Water is planning for the future by enhancing groundwater sustainability, expanding our recycled water systems and managing a robust strategy. The Agency also remains dedicated to exceptional water stewardship by providing reliable quality water to customers.

The Santa Clarita Valley Water Agency (SCV Water) is a full-service regional water agency located in the Santa Clarita Valley. SCV Water pr to approximately 75,000 business and residential customers. It was formed on January 1, 2018, when local water suppliers combined into one water provider. More information can be found at www.yourSCVwater.com

The Santa Clarita Valley Water Agency (SCV Water) and Los Angeles County Waterworks District #36 continuously work to ensure you and your neighbors have a reliable supply of high-quality water at a reasonable price. The State Water Resources Control Board Division of Drinking Water requires water agencies to provide all customers an annual report on the quality of your water and to show how it meets federal and state drinking water standards.

This 2026 Annual Consumer Confidence Report (also known as the Water Quality Report) describes in detail the quality of local water supplies in the Santa Clarita Valley during 2025. There is an additional explanation of the requirements and test results in the report. Due to a change in the law and a desire to save our ratepayers money, SCV Water is posting the report on its website and mailing notices of its availability to customers.
