To summarize report delivery used and good-faith efforts taken, please complete this page by checking all items that apply and fill-in where appropriate:

- ☐ CCR was distributed by mail or other direct delivery methods (attach description of other direct delivery methods used).
- ☒ CCR was distributed using electronic delivery methods described in the Guidance for Electronic Delivery of the Consumer Confidence Report (water systems utilizing electronic delivery methods must complete the second page).
- ☒ "Good faith" efforts were used to reach non-bill paying consumers. Those efforts included the following methods:
 - ☒ Posting the CCR at the following URL: www. <https://yourscvwater.com/water-quality/#waterqualityreports>
 - ☐ Mailing the CCR to postal patrons within the service area (attach zip codes used)
 - ☒ Advertising the availability of the CCR in news media (attach copy of press release)
 - ☒ Publication of the CCR in a local newspaper of general circulation (attach a copy of the published notice, including name of newspaper and date published)
 - ☐ Posted the CCR in public places (attach a list of locations)

- ☐ Delivery of multiple copies of CCR to single-billed addresses serving several persons, such as apartments, businesses, and schools
- ☐ Delivery to community organizations (attach a list of organizations)
- ☐ Publication of the CCR in the electronic city newsletter or electronic community newsletter or listserv (attach a copy of the article or notice)
- ☐ Electronic announcement of CCR availability via social media outlets (attach list of social media outlets utilized)
- ☐ Other (attach a list of other methods used)
- ☒ *For systems serving at least 100,000 persons:* Posted CCR on a publicly-accessible internet site at the following URL: www. <https://yourscvwater.com/water-quality/#waterqualityreports>
- ☐ *For privately-owned utilities:* Delivered the CCR to the California Public Utilities Commission

Consumer Confidence Report Electronic Delivery Certification

Water systems utilizing electronic distribution methods for CCR delivery must complete this page by checking all items that apply and fill-in where appropriate.

- ☒ Water system mailed a notification that the CCR is available and provides a direct URL to the CCR on a publicly available website where it can be viewed (attach a copy of the mailed CCR notification). URL: www. <https://yourscvwater.com/water-quality/#waterqualityreports>
- ☒ Water system emailed a notification that the CCR is available and provides a direct URL to the CCR on a publicly available site on the Internet where it can be viewed (attach a copy of the emailed CCR notification). URL: [www. https://yourscvwater.com/water-quality/#waterqualityreports](https://yourscvwater.com/water-quality/#waterqualityreports)
- ☐ Water system emailed the CCR as an electronic file email attachment.
- ☐ Water system emailed the CCR text and tables inserted or embedded into the body of an email, not as an attachment (attach a copy of the emailed CCR).
- ☐ *Requires prior DDW review and approval.* Water system utilized other electronic delivery method that meets the direct delivery requirement.

Provide a brief description of the water system's electronic delivery procedures and include how the water system ensures delivery to customers unable to receive electronic delivery.

We mailed a notification that the CCR is available and provided a direct URL to the SCV Water website. We used electronic delivery methods through our billing system

as described in the Guidance for Electronic Delivery of the Consumer Confidence Report. Hard copies made available upon request.

This form is provided as a convenience and may be used to meet the certification requirement of section 64483(c) of the California Code of Regulations.

FOR IMMEDIATE RELEASE

SCV Water Releases Annual Consumer Confidence Report

Water supplied to customers continues to meet or surpass state and federal quality standards

SANTA CLARITA – SCV Water's 2022 Annual Consumer Confidence Report is now available. This year's report, in partnership with Los Angeles County Water Works District #36, shows that water provided by the Agency to customers continues to meet or surpass rigorous state and federal drinking water compliance standards during 2021.

"This past year challenged our water supplies. As statewide drought conditions persisted, our water resource portfolio was put to the test," said SCV Water General Manager Matt Stone. "While we relied on a variety of sources to meet demand, we remained committed to providing our community with clean, safe water that they can trust. We invite our valued customers to read the report to learn more about the quality of our water."

The annual report, also referred to as a Water Quality Report, is required by the Division of Drinking Water (DDW) and provides a snapshot of local water quality supplies in the Santa Clarita Valley, details on where the Agency's water comes from, what it contains and how it compares to strict federal and state standards.

Before reaching the tap, the Agency's water supply must withstand rigorous rounds of treatment and monitoring. More than 20,000 tests per year are performed to ensure a safe water supply is delivered to customers.

The full report is available:

- English: bit.ly/2022SCVWaterConsumerConfidenceReport
- Spanish: bit.ly/2022SCVWaterConsumerConfidenceReportEspanol

All SCV Water customers will receive a bill insert no later than June 30 notifying them that the report is available in English and Spanish. Customers can also obtain printed copies in both languages at (661) 294-0828 or ccare@scvwa.org.
