## Notice of Availability of 2020 Consumer Confidence Report

The Consumer Confidence Report (CCR), also known as the Water Quality Report, is a report we issue each year, pursuant to a Safe Drinking Water Act (SDWA) requirement that we provide our customers with information about the water we provide to our community.

The purpose of the CCR is to raise our customers' awareness of the quality of our drinking water, where our drinking water comes from, what it takes to deliver the water to your homes and businesses, and the importance of protecting our drinking water sources.

In the past, the Inverness Public Utility District Water System has mailed a printed copy of the CCR to each of our customers to comply with the SDWA. In 2013, the State of California expanded its interpretation of the SDWA to allow electronic delivery of the CCR. The electronic delivery method enables the Inverness Public Utility District to reduce its consumption of paper and to minimize printing and mailing costs.
