- ☐ Water system emailed a notification that the CCR is available and provides a direct URL to the CCR on a publicly available site on the Internet where it can be viewed (attach a copy of the emailed CCR notification). URL: www._____.
- ☐ Water system emailed the CCR as an electronic file email attachment.
- ☐ Water system emailed the CCR text and tables inserted or embedded into the body of an email, not as an attachment (attach a copy of the emailed CCR).
- ☐ *Requires prior DDW review and approval.* Water system utilized other electronic delivery method that meets the direct delivery requirement.

Provide a brief description of the water system's electronic delivery procedures and include how the water system ensures delivery to customers unable to receive electronic delivery.

The City of Merced's procedure for electronic delivery of the CCR begins with adding an insert in the utility customers bill stating the CCR

is available electronically (copy attached). We also include CCR availability information for a month prior to July 1, then again in September, in the City Newsletter (sent with utility billing). (copy attached).

The insert also has the direct link and website info to the City of Merced website page listing current and past CCR's. To accommodate citizens that are unable

to receive electronic delivery, copies in English, Spanish and Hmong are provided to community organizations and public places (list attached). This year we added 2 Dialysis centers and 3 large apartment complexes to the list of public places receiving hard copies of all 3 languages.

We have also included in the local newspaper the information on availability and the link to the CCR online (attached). In addition, we include the availability info and website to social media (list attached).

As always, staff is available to mail or email the CCR upon request.

This form is provided as a convenience and may be used to meet the certification requirement of section 64483(c) of the California Code of Regulations.
