### IMPORTANT INFORMATION FROM CALIFORNIA AMERICAN WATER

- Should you question this bill, please request an explanation from the company within five (5) days of the receipt of this bill.
- This bill is due and payable upon date of presentation. It will become past due if not paid within twenty-one (21) days from the date of mailing.
- Should the amount of this bill be questioned, an explanation should be requested from the utility. If an explanation satisfactory to the customer is not made by the utility and the bill is still questioned, the customer may deposit with the California Public Utilities Commission, Consumer Affairs Branch, 505 Van Ness Avenue, Room 2250, San Francisco, California 94102, telephone numbers are 800-649-7570

or 415-703-4973 and (TDD) 800-229-6846, the amount of the bill to avoid discontinuance of service. Make remittance payable to "California Public Utilities Commission," and attach the bill and a statement setting forth the basis for the dispute of the amount of the bill. The Commission will review the basis of the billed amount and disburse the deposit in accordance with its findings.

- The Commission will not, however, accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of utility's service, general level of rates, pending rate applications, and sources of fuel or power.

## **CONSUMER CONFIDENCE REPORTS SHOW EXCELLENT WATER QUALITY IN MONTEREY DISTRICT**

California American Water Surpasses State and Federal Standards

PACIFIC GROVE, CALIF. (June 16, 2017) – California American Water published the 2016 Consumer Confidence Reports, which demonstrate high quality water service throughout the Monterey District.

The annual reports compare California American Water's water quality with standards established by the U.S. Environmental Protection Agency and the California Department of Public Health. The report also discusses drinking water sources, public health information, substances detected in the water and the levels of those substances. Commonly asked questions and answers concerning drinking water are also included.

This year's reports come with a new design that is aimed at making the report more reader friendly and accessible to the general public. The new reports feature illustrated sections of common containments and simple-to-read explanations of the various technical terms within the document.

"While our water reports are comprehensive and do illustrate our excellent water quality, we realize that most of our customers are not technical experts," said Rich Svindland, President of California American Water. "We hope that customers will find the new design more accessible, educational and helpful in answering the questions they may have about the state of their water."

The new report has an expanded section on lead and how the company continues to comply and exceed all state and federal treatment standards in regards to this contaminant.

California American Water's Consumer Confidence Reports, which are available to customers starting this May, are searchable by zip code and accessible online at [www.californiaamwater.com](http://www.californiaamwater.com).

California American Water, a subsidiary of American Water (NYSE: AWK), provides high quality and reliable water and/or wastewater services to more than 615,000 people.

Founded in 1886, American Water is the largest publicly traded U.S. water and wastewater utility company. Marking its 130th anniversary this year, the company employs more than 6,700 dedicated professionals who provide regulated and market-based drinking water, wastewater and other related services to an estimated 15 million people in 47 states and Ontario, Canada. More information can be found at [www.amwater.com](http://www.amwater.com).
