

**Consumer Confidence Report
Certification Form**
(To be submitted with a copy of the CCR)

Water System Name: Mesa Water District

Water System Number: 3010004

The water system named above hereby certifies that its Consumer Confidence Report was distributed on June 21, 2018 (date) to customers (and appropriate notices of availability have been given). Further, the system certifies that the information contained in the report is correct and consistent with the compliance monitoring data previously submitted to the State Water Resources Control Board, Division of Drinking Water (DDW).

Certified by: Name: Kaying Lee
Signature: 
Title: Water Quality & Compliance Supervisor
Phone Number: (949) 207-5491 Date: 9/5/2018

To summarize report delivery used and good-faith efforts taken, please complete this page by checking all items that apply and fill-in where appropriate:

- CCR was distributed by mail or other direct delivery methods (attach description of other direct delivery methods used).
- CCR was distributed using electronic delivery methods described in the Guidance for Electronic Delivery of the Consumer Confidence Report (water systems utilizing electronic delivery methods must complete the second page).
- "Good faith" efforts were used to reach non-bill paying consumers. Those efforts included the following methods:
 - Posting the CCR at the following URL: www.MesaWater.org/WaterQualityReport
 - Mailing the CCR to postal patrons within the service area (attach zip codes used)
 - Advertising the availability of the CCR in news media (attach copy of press release)
 - Publication of the CCR in a local newspaper of general circulation (attach a copy of the published notice, including name of newspaper and date published)
 - Posted the CCR in public places (attach a list of locations)
 - Delivery of multiple copies of CCR to single-billed addresses serving several persons, such as apartments, businesses, and schools
 - Delivery to community organizations (attach a list of organizations)
 - Publication of the CCR in the electronic city newsletter or electronic community newsletter or listserv (attach a copy of the article or notice)
 - Electronic announcement of CCR availability via social media outlets (attach list of social media outlets utilized)
 - Other (attach a list of other methods used)
- For systems serving at least 100,000 persons: Posted CCR on a publicly-accessible internet site at the following URL: www.MesaWater.org/WaterQualityReport
- For privately-owned utilities: Delivered the CCR to the California Public Utilities Commission

2018 Water Quality Report

Mesa Water is committed to delivering safe, local, reliable water to our customers. The 2018 Water Quality Report provides water quality and supply information about your drinking water. It explains where your water comes from, what it contains, and how it compares to federal and state regulatory standards.

[Download](#) [View](#)

Mesa Water has been committed to producing safe, reliable drinking water for its customers for more than 55 years. Our customers enjoy high quality water that meets or surpasses all state and federal drinking water standards.

For more information about this Report or for any questions relating to your drinking water quality, please contact Mesa Water's Water Quality staff at 949.574.1031.

Note: For more information about the health effects of the listed constituents in the tables presented in the Report, please call the U.S. EPA hotline at 800.426.4791 or visit their website at epa.gov/safewater. You may also click here to view the EPA's new Enforcement Compliance History Online (ECHO) report for Mesa Water. For more information regarding California's regulations, please visit the State Water Resources Control Board (State Board) website at waterboards.ca.gov/drinking_water/programs/.

For the Report on the District's Water Quality Relative to Public Health Goals 2016, please click [here](#).

**2018 WATER QUALITY REPORT SHOWS HIGH STANDARDS
FOR MESA WATER DISTRICT**

*Water Served by Mesa Water Meets or Surpasses All State and Federal
Drinking Water Standards*

COSTA MESA, Calif. – Mesa Water District (Mesa Water®) has released its 2018 Water Quality Report ([Report](#)), containing important information about Mesa Water's drinking water, high water quality standards, and the state and federal drinking water standards that Mesa Water® outperforms. A notable result from the Report is that Mesa Water's sources and distribution system had zero detections for lead. Furthermore, Mesa Water is in full compliance with lead regulations.

"Mesa Water conducts over 30,000 water quality tests each year to ensure our water meets rigorous drinking water standards" said Mesa Water Board President [Jim Atkinson](#). He continued, "Mesa Water's top priority is serving clean, safe, and reliable water to our customers."

The Report provides valuable information about Mesa Water's water supply sources. Mesa Water provides 100 percent of its water supplies from local groundwater, with some of that water pumped from deep underground and treated at the state-of-the-art [Mesa Water Reliability Facility](#).

The 2018 Report also includes tips for being [water-wise](#) and instructions for how to check the water meter to detect a leak. Further water use efficiency information, [rebates](#), and recommended outdoor watering schedules can be found at [MesaWater.org/SaveWater](#).

The full Report is online at [MesaWater.org/WaterQualityReport](#) where it can be viewed, downloaded, and printed. Additionally, it is available from Mesa Water's office, and can be requested by emailing info@MesaWater.org or by calling 949.631.1201. The report can also be translated into other languages upon request.

Throughout June, Mesa Water notified customers about the Report via a postcard mailed to 110,000 residents and all businesses that receive water from Mesa Water. For more information about the Report or water quality questions, please contact Mesa Water's water quality staff at 949.574.1031.

About Mesa Water

Founded on January 1, 1960, and governed by a publicly-elected, five-member [Board of Directors](#), Mesa Water is an independent special district that provides water service to 110,000 residents in an 18-square-mile service area which includes most of Costa Mesa, parts of Newport Beach, and John Wayne Airport. Due to the [Mesa Water Reliability Facility](#), Mesa Water provides 100 percent local reliable groundwater to its customers. Visit [MesaWater.org](#), follow [@MesaWater](#) on [Facebook](#), [Twitter](#), or [Instagram](#), email info@MesaWater.org, or call 949.631.1200.

Sample social media post – Facebook, July 7, 2018

June/July 2018 Newsletter Story:

Your Water is High Quality

Mesa Water’s annual Water Quality Report is available on MesaWater.org/WaterQualityReport and in print by request. We can also translate the report into other languages upon request. Mesa Water mailed you a postcard about how to access this report and included this information with your recent water bill. For questions, contact our Water Quality department by emailing WaterQuality@MesaWater.org or calling 949.574.1031.

June/July 2018 Newsletter Story sent to all customers (including online bill payers and mailed to 18,500 total addresses), July 1-August 31, 2018:

From Costa Mesa to Sacramento... Mesa Water District Advocates for Accessible, Affordable, Reliable Water

Monitoring legislation and regulations that can impact Mesa Water® and our future water supplies is vital.

To continue providing you with economical, effective, and efficient water services, Mesa Water works with local and regional government authorities, and Sacramento lawmakers and regulators, to advance sound policies on water-related issues such as:

- development of local water supplies
- water infrastructure funding
- water pricing/Proposition 218 protection
- water quality mandates
- water use efficiency/conservation
- water reuse permitting

Below is a recap of recent activity:

Conservation Legislation: Mesa Water partnered with a statewide coalition of over 100 water providers to favorably form **SB 606/AB 2668**, signed by Governor Jerry Brown on July 11, 2018.

Your Water is High Quality

Mesa Water's annual Water Quality Report is available at MesaWater.org/WaterQualityReport and in print by request. We can also translate the report into other languages upon request. Mesa Water mailed you a postcard about how to access this report, and included this information with your recent water bill. For questions, contact our Water Quality department by emailing WaterQuality@MesaWater.org or calling 949.574.1031.
