

## APPENDIX B: eCCR Certification Form (Suggested Format)

### Consumer Confidence Report Certification Form

(To be submitted with a copy of the CCR)

Water System Name:	Mesa Water District
Water System Number:	3010004

The water system named above hereby certifies that its Consumer Confidence Report was distributed on June 21, 2021 (date) to customers (and appropriate notices of availability have been given). Further, the system certifies that the information contained in the report is correct and consistent with the compliance monitoring data previously submitted to the State Water Resources Control Board, Division of Drinking Water (DDW).

Certified by:

Name: Kaying Lee	Title: Water Quality & Compliance Spvsr
Signature: 	Date: 9/23/21
Phone number: (949) 207-5491	blank

*To summarize report delivery used and good-faith efforts taken, please complete this page by checking all items that apply and fill-in where appropriate:*

- ☒ CCR was distributed by mail or other direct delivery methods (attach description of other direct delivery methods used).
- ☒ CCR was distributed using electronic delivery methods described in the Guidance for Electronic Delivery of the Consumer Confidence Report (water systems utilizing electronic delivery methods must complete the second page).
- ☒ "Good faith" efforts were used to reach non-bill paying consumers. Those efforts included the following methods:
  - ☒ Posting the CCR at the following URL: [www.MesaWater.org/WaterQualityReport](http://www.MesaWater.org/WaterQualityReport)
  - ☐ Mailing the CCR to postal patrons within the service area (attach zip codes used)
  - ☒ Advertising the availability of the CCR in news media (attach copy of press release)
  - ☒ Publication of the CCR in a local newspaper of general circulation (attach a copy of the published notice, including name of newspaper and date published)
  - ☒ Posted the CCR in public places (attach a list of locations)

- ☐ Delivery of multiple copies of CCR to single-billed addresses serving several persons, such as apartments, businesses, and schools
- ☒ Delivery to community organizations (attach a list of organizations)
- ☒ Publication of the CCR in the electronic city newsletter or electronic community newsletter or listserv (attach a copy of the article or notice)
- ☒ Electronic announcement of CCR availability via social media outlets (attach list of social media outlets utilized)
- ☒ Other (attach a list of other methods used)
- ☒ *For systems serving at least 100,000 persons:* Posted CCR on a publicly-accessible internet site at the following URL: [www.MesaWater.org/WaterQualityReport](http://www.MesaWater.org/WaterQualityReport)
- ☐ *For privately-owned utilities:* Delivered the CCR to the California Public Utilities Commission

### **Consumer Confidence Report Electronic Delivery Certification**

*Water systems utilizing electronic distribution methods for CCR delivery must complete this page by checking all items that apply and fill-in where appropriate.*

- ☒ Water system mailed a notification that the CCR is available and provides a direct URL to the CCR on a publicly available website where it can be viewed (attach a copy of the mailed CCR notification). URL:  
[www.MesaWater.org/WaterQualityReport](http://www.MesaWater.org/WaterQualityReport)
- ☒ Water system emailed a notification that the CCR is available and provides a direct URL to the CCR on a publicly available site on the Internet where it can be viewed (attach a copy of the emailed CCR notification). URL:  
[www.MesaWater.org/WaterQualityReport](http://www.MesaWater.org/WaterQualityReport)
- ☐ Water system emailed the CCR as an electronic file email attachment.
- ☐ Water system emailed the CCR text and tables inserted or embedded into the body of an email, not as an attachment (attach a copy of the emailed CCR).
- ☐ *Requires prior DDW review and approval.* Water system utilized other electronic delivery method that meets the direct delivery requirement.

*Provide a brief description of the water system's electronic delivery procedures and include how the water system ensures delivery to customers unable to receive electronic delivery.*

*A wide variety of electronic communications were distributed to the community regarding the CCR, including but not limited to social media, electronic newsletter, electronic bill insert, and website. Those who choose not to receive information from*

Mesa Water District electronically, were also mailed information via hard copy newsletter, bill insert, shared in local news publications, and postcards which were mailed to more than 55,827 residential and business addresses in Mesa Water's service area via USPS Every Door Direct Mail ("EDDM") service. Attached is a list of the zip codes.

*This form is provided as a convenience and may be used to meet the certification requirement of section 64483(c) of the California Code of Regulations.*

## 2021 Water Quality Report

Published: Monday, 21 June 2021 Modified: Wednesday, 11 August 2021

Mesa Water is committed to delivering safe, local, reliable water to our customers. The 2021 Water Quality Report provides water quality and supply information about your drinking water. It explains where your water comes from, what it contains, and how it compares to federal and state regulatory standards.

**2021 Water Quality Report**

**DATA FOR 2020**

COSTA MESA, Calif.: June 22, 2021 – Mesa Water District's (Mesa Water®) 2021 Water Quality Report (Report) is now available and highlights that the District's high quality, local groundwater supplies meet all stringent state and federal drinking water regulations.

"Mesa Water conducts more than 30,000 water quality tests each year to ensure our water meets rigorous drinking water standards," says Marice H. DePasquale, Mesa Water Board President. "We are pleased to deliver 100% safe, local and reliable water to our community, from our local groundwater wells straight to the tap."

The annual Report provides valuable information about Mesa Water's exceptional water supply sources. Mesa Water provides 100% of its water supplies from local groundwater, with some of that water pumped

### Mesa Water District's 2021 Water Quality Report highlights stringent standards

Mesa Water District's (Mesa Water®) 2021 Water Quality Report is now available and highlights that the district's high quality, local groundwater supplies meet all stringent state and federal drinking water regulations.

"Mesa Water conducts more than 30,000 water quality tests each year to ensure our water meets rigorous drinking water standards," says Marice H. DePasquale, Mesa Water board president. "We are pleased to deliver 100 percent safe, local and reliable water to our community, from our local groundwater wells straight to the tap."

The annual Report provides valuable information about Mesa Water's exceptional water supply sources. Mesa Water provides 100 percent of its water supplies from local groundwater, with some of that water pumped from deep underground and treated at the state-of-the-art Mesa Water Reliability Facility.

The Water Quality Report also includes water use efficiency information, including how to check a water meter to detect a leak. Further water-wise tips, rebates and recommended outdoor watering schedules can be found at [www.mesawater.org/savewater](http://www.mesawater.org/savewater).

Residents and businesses in Mesa Water's service area were notified about the Report via a postcard mailed in late June.

For the 2021 Water Quality Report, go [here](#). Additionally, it can be requested by emailing [info@MesaWater.org](mailto:info@MesaWater.org) or by calling 949.631.1201 and can be translated into other languages upon request. A video about the Report, as well as the district's water origin and treatment process, is available on Mesa Water's website at [www.mesawater.org](http://www.mesawater.org). For more information about the Report, contact Mesa Water's water quality team at 949.207.5491.

Mesa Water District is an independent special district that provides water service to 110,000 residents in an 18-square-mile service area that includes most of the City of Costa Mesa, parts of Newport Beach and unincorporated Orange County including John Wayne Airport.

## Around Town: Mesa Water District's water quality report now available to public

Mesa Water District in Costa Mesa this week released its annual water report showing the water it provides customers meets state and federal standards. (Kevin Chang / Staff Photographer)

JUNE 25, 2021 7:37 PM PT

Mesa Water District recently released its [2021 Water Quality Report](#) to update the public on the district's local groundwater supplies, provide information on water-use efficiency, and more. The report shows the water meets or surpasses state and federal standards.

An independent special district that serves 110,000 residents in Costa Mesa, areas of Newport Beach and unincorporated Orange County and John Wayne Airport, Mesa Water's supply comes from local groundwater, including some pumped from deep underground and treated at the district's Mesa Water Reliability Facility.

Board President Marice H. DePasquale said in a release issued Tuesday the district conducts more than 30,000 water quality tests annually to ensure water supplies

First page of the newsletter follows:

**NEWS ON TAP**  
VOLUME 35, NUMBER 4, JULY/AUGUST 2021

**Mesa Water to Receive Grant to Help Enhance Local Groundwater Production Capacity**

Mesa Water District ([Mesa Water®](#)) is pleased to announce it will receive a \$1.6 million grant to help improve water supply reliability in the region.

As part of a California Department of Water Resources \$55 million multi-year grant that was awarded to five regional water agencies in the Santa Ana Watershed Project Authority, Mesa Water is eligible to receive funding for the construction of Croddy Well 14, one of two new wells that will increase local groundwater production capacity.

Croddy Well 14 construction site

Construction for Croddy Well 14, which can produce approximately 4,000 gallons per minute, is scheduled for completion in April 2022.

The funds will be available to Mesa Water once construction is completed and terms of the grant agreement have been met.

Orange County Water District received \$8 million of the DWR grant and selected Mesa Water along with four other water agencies to receive \$1.6 million each to support the construction of new groundwater production wells.

The grant program includes the Santa Ana River Conservation and Conjunctive Use Program, a collaborative groundwater banking program that will provide a regional watershed-scale approach toward long-term groundwater basin management and replenishment, allowing the participating agencies to collectively plan for extended dry periods.

The grant's funds are provided by [Proposition 84](#) (The Safe Drinking Water, Water Quality and Supply, Flood Control, River and Coastal Protection Bond Act of 2006).

**Sign Up for Online Bill Pay Today**

Mesa Water District's water bills are sent to customers every other month. Sign up for online bill pay service for a speedier and convenient experience! The new service offers more ways to view and pay your bill including the AutoPay feature.
