

## APPENDIX B: eCCR Certification Form (Suggested Format)

### Consumer Confidence Report Certification Form

(To be submitted with a copy of the CCR)

Water System Name:	Mesa Water District
Water System Number:	3010004

The water system named above hereby certifies that its Consumer Confidence Report was distributed on 6/22/2022 (date) to customers (and appropriate notices of availability have been given). Further, the system certifies that the information contained in the report is correct and consistent with the compliance monitoring data previously submitted to the State Water Resources Control Board, Division of Drinking Water (DDW).

Certified by:

Name: Kaying Lee	Title: Water Quality & Compliance Spvrs
Signature: 	Date: 8/19/22
Phone number: (949) 207-5491	blank

*To summarize report delivery used and good-faith efforts taken, please complete this page by checking all items that apply and fill-in where appropriate:*

- ☐ CCR was distributed by mail or other direct delivery methods (attach description of other direct delivery methods used).
- ☒ CCR was distributed using electronic delivery methods described in the Guidance for Electronic Delivery of the Consumer Confidence Report (water systems utilizing electronic delivery methods must complete the second page).
- ☒ "Good faith" efforts were used to reach non-bill paying consumers. Those efforts included the following methods:
  - ☒ Posting the CCR at the following URL: [www.MesaWater.org/WaterQualityReport](http://www.MesaWater.org/WaterQualityReport)
  - ☐ Mailing the CCR to postal patrons within the service area (attach zip codes used)
  - ☒ Advertising the availability of the CCR in news media (attach copy of press release)
  - ☒ Publication of the CCR in a local newspaper of general circulation (attach a copy of the published notice, including name of newspaper and date published)
  - ☒ Posted the CCR in public places (attach a list of locations)
  - ☐ Delivery of multiple copies of CCR to single-billed addresses serving several persons, such as apartments, businesses, and schools

- ☒ Delivery to community organizations (attach a list of organizations)
- ☒ Publication of the CCR in the electronic city newsletter or electronic community newsletter or listserv (attach a copy of the article or notice)
- ☒ Electronic announcement of CCR availability via social media outlets (attach list of social media outlets utilized)
- ☒ Other (attach a list of other methods used)
- ☒ *For systems serving at least 100,000 persons:* Posted CCR on a publicly-accessible internet site at the following URL: [www.MesaWater.org/WaterQualityReport](http://www.MesaWater.org/WaterQualityReport)
- ☐ *For privately-owned utilities:* Delivered the CCR to the California Public Utilities Commission

## Consumer Confidence Report Electronic Delivery Certification

*Water systems utilizing electronic distribution methods for CCR delivery must complete this page by checking all items that apply and fill-in where appropriate.*

- ☒ Water system mailed a notification that the CCR is available and provides a direct URL to the CCR on a publicly available website where it can be viewed (attach a copy of the mailed CCR notification). URL:  
[www.MesaWater.org/WaterQualityReport](http://www.MesaWater.org/WaterQualityReport)
- ☒ Water system emailed a notification that the CCR is available and provides a direct URL to the CCR on a publicly available site on the Internet where it can be viewed (attach a copy of the emailed CCR notification). URL:  
[www.MesaWater.org/WaterQualityReport](http://www.MesaWater.org/WaterQualityReport)
- ☐ Water system emailed the CCR as an electronic file email attachment.
- ☐ Water system emailed the CCR text and tables inserted or embedded into the body of an email, not as an attachment (attach a copy of the emailed CCR).
- ☐ *Requires prior DDW review and approval.* Water system utilized other electronic delivery method that meets the direct delivery requirement.

*Provide a brief description of the water system's electronic delivery procedures and include how the water system ensures delivery to customers unable to receive electronic delivery.*

A wide variety of electronic communications were distributed to the community regarding the CCR, including but not limited to social media, electronic newsletter, electronic bill insert, and website. Those who choose not to receive information from Mesa Water District electronically, were also mailed information via hard copy newsletter, bill insert, shared in local news publications, and postcards which were mailed to more than 55,500 residential and business addresses in Mesa Water's service area via USPS Every Door Direct Mail ("EDDM") service. Attached is a list of the zip codes.

*This form is provided as a convenience and may be used to meet the certification requirement of section 64483(c) of the California Code of Regulations.*

*Dedicated to  
Satisfying our Community's  
Water Needs*

*(Postcard side 1)*

**2022 WATER QUALITY REPORT**  
NOW AVAILABLE!

**YOUR  
WATER IS  
SAFE!**

Mesa Water District (Mesa Water®) is committed to delivering 100% local, reliable, clean and safe water to our customers. For 62 years, we've provided high-quality drinking water that consistently meets or surpasses all state and federal drinking water regulations. Mesa Water conducts more than 30,000 water quality tests annually to ensure our water meets rigorous drinking water standards.

The 2022 Water Quality Report contains important information about your high-quality water, where it comes from, water use efficiency tips and more. Check out the 2022 Report at [MesaWater.org/WaterQualityReport](https://MesaWater.org/WaterQualityReport).

To have a printed copy of the report mailed to you, email [Info@MesaWater.org](mailto:Info@MesaWater.org) or call 949.631.1201. Please provide your name and mailing address.

*(Postcard side 2)*

This report contains important information about your drinking water. Please contact Mesa Water District at 1965 Placentia Avenue, Costa Mesa, CA 92627, 949.631.1201, for assistance.

## 2022 Water Quality Report Confirms Water Provided By Mesa Water Meets Or Surpasses All State And Federal Drinking Water Standards

Posted: Friday, June 17, 2022

COSTA MESA, Calif.; June 22, 2022 – Mesa Water District's (Mesa Water®) 2022 Water Quality Report (Report) is now available and confirms that the District's high quality, local groundwater supplies meet all stringent state and federal drinking water regulations.

"Mesa Water conducts more than 30,000 water quality tests each year to ensure our water meets rigorous drinking water standards. Our community can be confident that our high-quality water is safe," says Marice H. DePasquale, Mesa Water Board President. "It is a privilege to provide our service area with 100% local, reliable clean, safe water – the only Orange County water agency that meets all of its customer demand with local groundwater supplies and is not dependent on more costly imported water."

The annual Water Quality Report provides valuable information about Mesa Water's exceptional water supply sources. About 77% of Mesa Water's supply comes from the Orange County Groundwater Basin. The remaining 23% is pumped from approximately 1,000 feet below the ground and treated at the state-of-the-art Mesa Water Reliability Facility. This year, Mesa Water is celebrating its 10<sup>th</sup> anniversary of providing 100% local water to the community.

The Report also includes water use efficiency information and how to detect a leak on a water meter. Additional tips, rebates and a recommended outdoor watering schedule can be found [MesaWater.org/BeMesaWaterWise](https://www.mesawater.org/BeMesaWaterWise).

The Report is available at [MesaWater.org/WaterQualityReport](https://www.mesawater.org/WaterQualityReport). A hard copy can be requested and mailed to customers by emailing [info@MesaWater.org](mailto:info@MesaWater.org) or calling 949.631.1201. The Report can also be translated into other languages upon request. A video about the Report, as well as the District's water origin and treatment process, is available on Mesa Water's [website](https://www.mesawater.org).

Mesa Water's residential and business customers were notified about the availability of the Report via a postcard mailed in late June.

### About Mesa Water

Mesa Water District (Mesa Water®), a local independent special district, manages its finances and water infrastructure, and advocates water policy, while reliably providing an abundance of clean, safe water to benefit the public's quality of life. Founded on January 1, 1960 and governed by a publicly-elected, five-member Board of Directors, Mesa Water provides 100% local groundwater to 110,000 residents in an 18-square-mile service area that includes most of the City of Costa Mesa, parts of Newport Beach, and unincorporated Orange County including John Wayne Airport. Follow @MesaWater on Facebook, Instagram. Visit [MesaWater.org](https://www.mesawater.org) and [Mesa Water Reliability Facility](https://www.mesawater.org/BeMesaWaterWise) to learn more. For questions, email [info@MesaWater.org](mailto:info@MesaWater.org) or call 949.631.1200.

### 2022 Mesa Water District Water Quality Report Becomes Available July 1

Mesa Water District's (Mesa Water®) [2022 Water Quality Report](#) (Report) is now available and confirms that the District's high quality, local groundwater supplies meet all stringent state and federal drinking water regulations.

"Mesa Water conducts more than 30,000 water quality tests each year to ensure our water meets rigorous drinking water standards. Our community can be confident that our high-quality water is safe," says Marice H. DePasquale, Mesa Water Board President. "It is a privilege to provide our service area with 100% local, reliable clean, safe water – the only Orange County water agency that meets all of its customer demand with local groundwater supplies and is not dependent on more costly imported water."

The annual Water Quality Report provides valuable information about Mesa Water's exceptional water supply sources. About 77% of Mesa Water's supply comes from the Orange County Groundwater Basin. The remaining 23% is pumped from approximately 1,000 feet below the ground and treated at the state-of-the-art [Mesa Water Reliability Facility](#). This year, Mesa Water is celebrating its 10th anniversary of providing 100% local water to the community.

The Report also includes water use efficiency information and how to detect a leak on a water meter. Additional tips, rebates and a recommended outdoor watering schedule can be found at [MesaWater.org/BeMesaWaterWise](#).

The Report is available at [MesaWater.org/WaterQualityReport](#). A hard copy can be requested and mailed to customers by emailing [info@MesaWater.org](mailto:info@MesaWater.org) or calling 949.631.1201. The Report can also be translated into other languages upon request. A video about the Report, as well as the District's water origin and treatment process, is available on Mesa Water's [website](#).

Mesa Water's residential and business customers will be notified about the availability of the Report via a postcard mailed in late June.

Second page of the newsletter follows:

**NEWS ON TAP**  
VOLUME 36, NUMBER 3 MAY/JUNE 2022

**Staff Splash: Meet Stacy Taylor**

Stacy Taylor, water policy manager at Mesa Water, is dedicated to advocating for safe, reliable, affordable drinking water.

**Q: Tell us about your Mesa Water journey.**

A: In 2010, I joined Mesa Water as manager of the new Communications department where I implemented award-winning water awareness, education, and outreach programs. In 2013, the department name changed to Public & Government Affairs and my role expanded to include legislative and regulatory advocacy. After several years of advocacy work, I became the water policy manager to focus on policy issues.

**Q: What is one water policy position or initiative that you worked on that you are most proud of?**

A: My favorite water policy achievements include: advocating for grant funding for our community's water infrastructure; defeating a Sacramento tax on water; defending the public's right to fair water rates; and, leading a stakeholder team in opposing policies and regulations that could negatively affect water cost and availability.

**Q: What is your favorite thing about working at Mesa Water?**

A: The collaborative and entrepreneurial spirit that infuses every Mesa Water Board member and employee, along with the District's emphasis on ensuring the health and safety of our public and staff.

**Q: What do you like to do when you're not at work?**

A: In addition to relaxing with family and friends, I enjoy arts and entertainment activities. I am also a lifelong student of dance and yoga.

*Staff Splash is a recurring feature in News on Tap. Look forward to meeting more Mesa Water employees in future issues.*

**Some Bunny Loves Mesa Water: Video Contest Winners Announced**

Mesa Water's Board of Directors announced the winners of its video contest for high school and college students who live in or attend school in the Mesa Water service area. The first place video, "A Bunny's Quest for H2O" produced by Sarita Plata from Early College High School, takes the viewer on a bunny's journey in search of local, clean, safe water. Sarita was awarded a \$1,000 prize. First, second and third place winners were recognized at Mesa Water's Board meeting on April 13. For the full list of winners, visit the Newsroom section of [MesaWater.org](https://www.mesawater.org).
