The Consumer Confidence Report, or CCR, is an annual water quality report that the Safe Drinking Water Act (SDWA) requires the City of Banning provide its customers. The purpose of the CCR is to raise customer awareness of the quality of their drinking water, where their water comes from, what it takes to deliver water to their homes and the importance of protecting drinking water sources. In recent years, the City has mailed its customers a printed copy of the CCR to comply with the SDWA. On February 21, 2013, the California Department of Public Health expanded its interpretation of the SDWA to allow for electronic delivery of the CCR. This method allows Banning to reduce the consumption of paper and minimize printing and mailing costs.
