Title:	Environmental Compliance Program Manager – Water Quality
Phone Number:	(951) 685-7434
Date:	September 30, 2026

To summarize report delivery used and good-faith efforts taken, please complete the below by checking all items that apply and fill-in where appropriate:

☒ CCR was distributed by mail or other direct delivery methods. Specify other direct delivery methods used:

All customers received a printed copy of Jurupa Community Services District's 2025 CCR by mail, distributed on June 26, 2026.

☒ "Good faith" efforts were used to reach non-bill paying consumers. Those efforts included the following methods:

☒ Posting the CCR on the Internet

Jurupa Community Services District's 2025 CCR was posted on the Internet on June 30, 2026, at www.JCSD.us/WaterQuality and July 1, 2026 on its homepage at www.JCSD.us. Please see Attachment 1 for visuals of the webpages.

☒ Mailing the CCR to postal patrons within the service area (attach zip codes used)

Please see Attachment 2.

☒ Advertising the availability of the CCR in news media (attach copy of press release)

Please see Attachment 3.

☐ Publication of the CCR in a local newspaper of general circulation (attach a copy of the published notice, including name of newspaper and date published)

☒ Posted the CCR in public places (attach a list of locations)

Please see Attachment 4

☐ Delivery of multiple copies of CCR to single-billed addresses serving several persons, such as apartments, businesses, and schools

☒ Delivery to community organizations (attach a list of organizations)

Please see Attachment 5

☒ Other (attach a list of other methods used)

Please see Attachment 6 for social media methods.

☒ For systems serving at least 100,000 persons: Posted CCR on a publicly-accessible internet site at the following address: **www.JCSD.us/WaterQuality**

☐ For investor-owned utilities: Delivered the CCR to the California Public Utilities Commission

This form is provided as a convenience for use to meet the certification requirement of the California Code of Regulations, section 64483(c).

Water Quality

Water Quality

With the help of sophisticated, high-tech equipment, treatment partnerships, and a highly-trained professional team, JCSD ensures that our customers receive a regular supply of safe and high-quality drinking water. Before any water reaches your home or business, it goes through a complex treatment process and undergoes regular testing to ensure that it meets or exceeds all state and federal drinking water quality regulations.

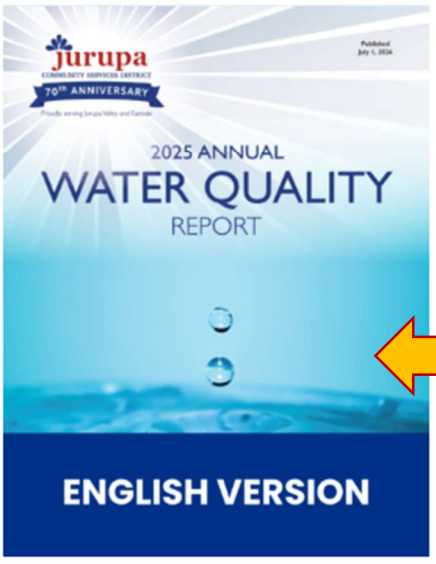

JCSD publishes an **Annual Water Quality Report** (also known as Consumer Confidence Report) that contains the results of the water quality testing that took place during the year and is available the following year on or before July 1.

If you would like a copy of the CCR mailed to you or if you have any questions about the information in the CCR, please call JCSD's Water Quality Department at (951) 685-7434 extension 104.

Annual Consumer Confidence Report

JCSD is proud to provide water to our community that meets or exceeds all state and federal standards. You can learn more about your water here:

Jurupa Community Services District's Annual Report Affirms Continued Delivery of Safe Drinking Water

Jurupa Valley, CA **(July 1, 2026) –** Jurupa Community Services District (JCSD) has released its 2025 Annual Water Quality Report, also known as the Consumer Confidence Report (CCR). This annual report reflects JCSD's ongoing commitment to transparency, safety, and water quality excellence for the residents of Jurupa Valley and Eastvale.

In 2025, JCSD once again met or exceeded all drinking water standards set by the State Water Resources Control Board and the U.S. Environmental Protection Agency. The report includes results from over 36,000 water quality tests conducted throughout the calendar year, confirming the safety and quality of the water supplied to all residential homes and businesses throughout the District. During testing, JCSD staff monitored water samples for a broad range of potential contaminants to help ensure the ongoing reliability of JCSD's water supply.

“Delivering safe and high-quality drinking water to all customers is at the heart of JCSD’s mission,” said JCSD Board President Anthony Herda. "This report highlights the strength and resilience of our infrastructure, along with the commitment of JCSD staff in meeting rigorous water quality standards and delivering the essential services our customers depend on."

Printed copies of the 2025 Annual Water Quality Report have been mailed to all JCSD customers. Customers may also view or download the report at www.JCSD.us/WaterQuality, where it is available in English, Spanish, and Mandarin. In addition to water quality results, the report includes information on JCSD's water sources, treatment methods, infrastructure improvements, and conservation programs that help ensure a safe, reliable, and sustainable water supply.

Founded in 1956, the Jurupa Community Services District is a public agency providing services and programs to Jurupa Valley and Eastvale. It is governed by a Board of Directors comprised of five elected representatives from both cities. Serving over 135,000 people in a 40-square-mile area, JCSD provides a variety of community services and programs, including water, sewer, streetlights, frontage landscape maintenance, graffiti abatement, and parks and recreation services.

Community organizations that are JCSD customers received the Consumer Confidence Report by mail as part of the District's regular distribution. JCSD also shared information about the report's publication and availability during presentations to community organizations, giving attendees an opportunity to learn where they can access it. We plan to continue highlighting the report at upcoming meetings and events with our community partners.

Community organizations where JCSD presented the report's publication and availability:

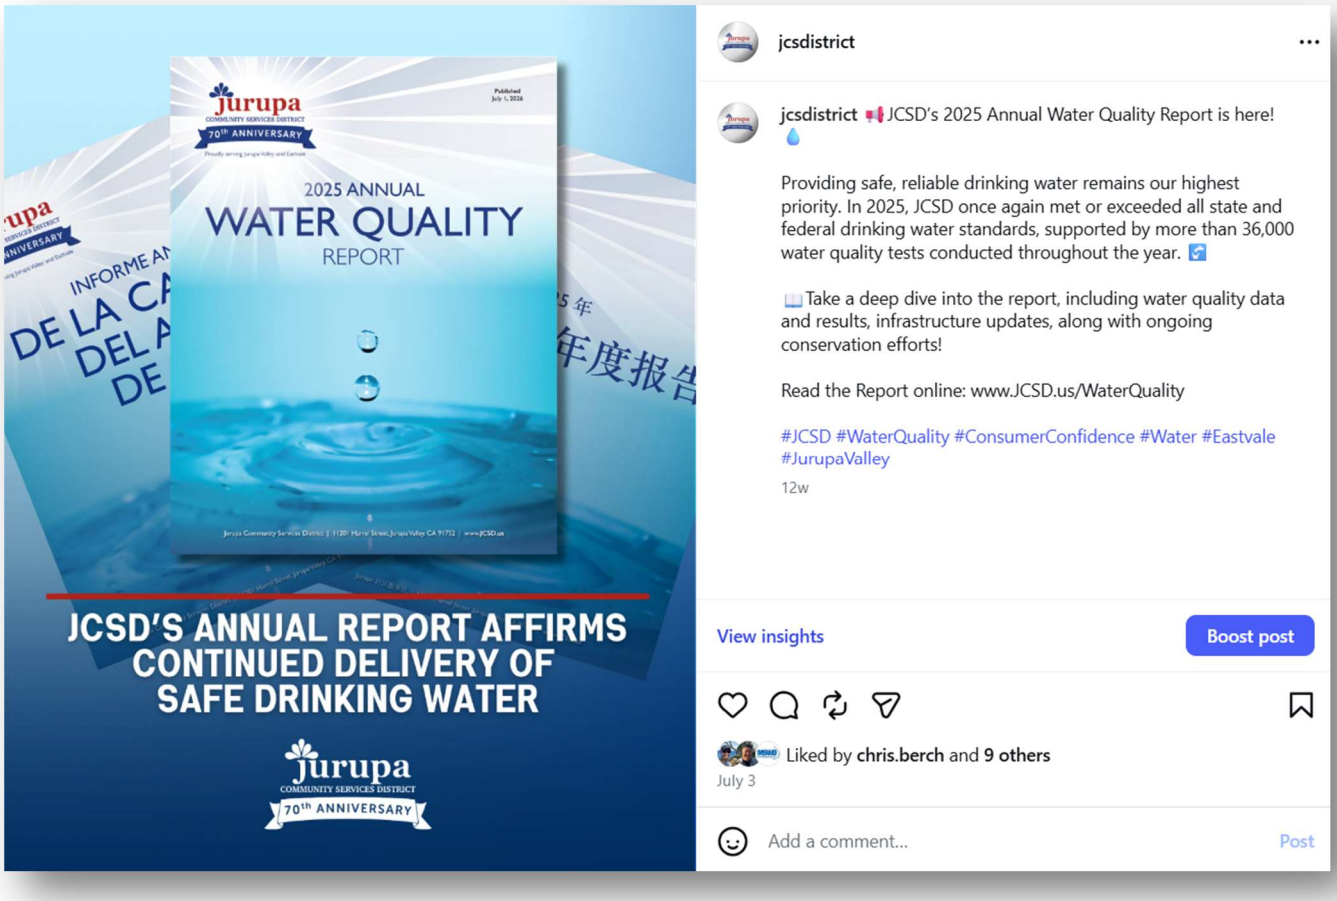

- Jurupa Valley Interagency Council
- Jurupa Valley Chamber of Commerce
- Eastvale Chamber of Commerce

JCSD posted several times across its social media platforms to share information about its water quality and the publication of the 2025 Consumer Confidence Report. These posts directed community members to the report so they could review the results and learn more about their drinking water. The following posts were published on Instagram, Facebook, and X (formerly Twitter).
