

**Consumer Confidence Report  
Certification Form**  
(To be submitted with a copy of the CCR)

Water System Name: City of Corona

Water System Number: CA3310037

The water system named above hereby certifies that its Consumer Confidence Report was distributed on 06/29/2021 (date) to customers (and appropriate notices of availability have been given). Further, the system certifies that the information contained in the report is correct and consistent with the compliance monitoring data previously submitted to the State Water Resources Control Board, Division of Drinking Water (DDW).

Certified by: Name: Justin Amon  
Signature: Justin Amon  
Title: Chief Water Operator  
Phone Number: (951) 736-2481 Date: 7/15/2021

*To summarize report delivery used and good-faith efforts taken, please complete this page by checking all items that apply and fill-in where appropriate:*

- ☐ CCR was distributed by mail or other direct delivery methods (attach description of other direct delivery methods used).
- ☐ CCR was distributed using electronic delivery methods described in the Guidance for Electronic Delivery of the Consumer Confidence Report (water systems utilizing electronic delivery methods must complete the second page).
- ☒ "Good faith" efforts were used to reach non-bill paying consumers. Those efforts included the following methods:
  - ☒ Posting the CCR at the following URL: [www.CoronaCA.gov/CCR](http://www.CoronaCA.gov/CCR)
  - ☐ Mailing the CCR to postal patrons within the service area (attach zip codes used)
  - ☐ Advertising the availability of the CCR in news media (attach copy of press release)
  - ☐ Publication of the CCR in a local newspaper of general circulation (attach a copy of the published notice, including name of newspaper and date published)
  - ☒ Posted the CCR in public places (attach a list of locations)
  - ☐ Delivery of multiple copies of CCR to single-billed addresses serving several persons, such as apartments, businesses, and schools
  - ☐ Delivery to community organizations (attach a list of organizations)
  - ☒ Publication of the CCR in the electronic city newsletter or electronic community newsletter or listserv (attach a copy of the article or notice)
  - ☒ Electronic announcement of CCR availability via social media outlets (attach list of social media outlets utilized)
  - ☐ Other (attach a list of other methods used)
- ☒ For systems serving at least 100,000 persons: Posted CCR on a publicly-accessible internet site at the following URL: <https://www.coronaca.gov/government/departments-divisions/departments-of-water-and-power/about-dwp/learn-more/publications>
- ☐ For privately-owned utilities: Delivered the CCR to the California Public Utilities Commission

## Consumer Confidence Report Electronic Delivery Certification

---

*Water systems utilizing electronic distribution methods for CCR delivery must complete this page by checking all items that apply and fill-in where appropriate.*

- ☐ Water system mailed a notification that the CCR is available and provides a direct URL to the CCR on a publicly available website where it can be viewed (attach a copy of the mailed CCR notification). URL: www.\_\_\_\_\_
- ☒ Water system emailed a notification that the CCR is available and provides a direct URL to the CCR on a publicly available site on the Internet where it can be viewed (attach a copy of the emailed CCR notification). URL: [www.CoronaCA.gov/CCR](http://www.CoronaCA.gov/CCR)
- ☐ Water system emailed the CCR as an electronic file email attachment.
- ☐ Water system emailed the CCR text and tables inserted or embedded into the body of an email, not as an attachment (attach a copy of the emailed CCR).
- ☐ *Requires prior DDW review and approval.* Water system utilized other electronic delivery method that meets the direct delivery requirement.

*Provide a brief description of the water system's electronic delivery procedures and include how the water system ensures delivery to customers unable to receive electronic delivery.*

---

The City of Corona Department of Water and Power distributed its recent Consumer Confidence Report (CCR) electronically. Delivery methods include:

---

-Post CCR on website

---

-A statement on customer's water bill envelope, in both English and Spanish, that informs customers of the website with the option to request a copy by calling, email, or online submittal.

---

-Hard copies available at public places such as the DWP lobby.

---

-Send email to electronic customers notifying them that the CCR is available and provide a direct URL to the CCR on a publicly available site on the internet.

---

-Include CCR in Inner Circle News.

---

-Release posts on the City's social media outlets such as Facebook, Twitter, and LinkedIn.

---

---

*This form is provided as a convenience and may be used to meet the certification requirement of  
section 64483(c), California Code of Regulations.*

## Your 2021 DWP Consumer Confidence Report is here...

Over the course of the past year the City of Corona Department of Water & Power (DWP) has remained committed to advancing the water system, ensuring the community is provided the highest quality drinking water. We are excited to share a few completed and upcoming projects:

- The Keith Water Storage Tank is currently under construction with an expected completion date of mid 2021. This 2.5-million- gallon pre-stressed concrete tank will provide additional operational, emergency, and fire flow storage in the City's water distribution system.
- The Manglar Blend Station is currently under construction with an expected completion date of mid 2022. This project will allow the blending of surface and

### Your 2021 DWP Consumer Confidence Report is here...

*Over the course of the past year the City of Corona Department of Water & Power (DWP) has remained committed to advancing the water system, ensuring the community is provided the highest quality drinking water.*

**Post Date:** 06/28/2021 8:40 AM

***The City of Corona Department of Water and Power (DWP) has served the City since 1886. Corona DWP is dedicated to protecting public health by providing the highest quality water, reclaimed water and electric service, as well as efficient water reclamation. As such, the Consumer Confidence Report is published yearly to keep you informed.***

#### Message from your Corona DWP:

Over the course of the past year the City of Corona Department of Water & Power (DWP) has remained committed to advancing the water system, ensuring the community is provided the highest quality drinking water. We are excited to share a few completed and upcoming projects:

- The Keith Water Storage Tank is currently under construction with an expected completion date of mid 2021. This 2.5-million- gallon pre-stressed concrete tank will provide additional operational, emergency, and fire flow storage in the City's water distribution system.

- The Mangular Blend Station is currently under construction with an expected completion date of mid 2022. This project will allow the blending of surface and groundwater sources, and the ability to boost water into higher pressure zones, adding redundancy and reliability to the water distribution system.

This Consumer Confidence Report provides information with respect to the water produced and distributed in 2020. This summary provides water quality data, outlines where the water comes from, and how it compares to state standards. I am pleased to report that your tap water met all United States Environmental Protection Agency (USEPA) and State drinking water health standards. The Department of Water & Power's staff helped ensure that our system did not exceed any of the primary Maximum Contaminant Levels (MCLs).
