

APPENDIX B: eCCR Certification Form (Suggested Format)

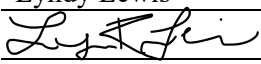

Consumer Confidence Report Certification Form

(To be submitted with a copy of the CCR)

Water System Name: Western Municipal Water District – Main/Riverside Division

Water System Number: 3310049

The water system named above hereby certifies that its Consumer Confidence Report was distributed on June 29, 2020 (date) to customers (and appropriate notices of availability have been given). Further, the system certifies that the information contained in the report is correct and consistent with the compliance monitoring data previously submitted to the State Water Resources Control Board, Division of Drinking Water (DDW).

Certified by: Name: Lyndy Lewis
Signature: 
Title: Principal Engineer – Regulatory Compliance
Phone Number: (951) 571-7277 Date: 9/28/2020

To summarize report delivery used and good-faith efforts taken, please complete this page by checking all items that apply and fill-in where appropriate:

- ☐ CCR was distributed by mail or other direct delivery methods (attach description of other direct delivery methods used).
- ☒ CCR was distributed using electronic delivery methods described in the Guidance for Electronic Delivery of the Consumer Confidence Report (water systems utilizing electronic delivery methods must complete the second page).
- ☒ “Good faith” efforts were used to reach non-bill paying consumers. Those efforts included the following methods:
 - ☒ Posting the CCR at the following URL: www.wmwd.com/2019CCR
 - ☐ Mailing the CCR to postal patrons within the service area (attach zip codes used)
 - ☒ Advertising the availability of the CCR in news media (attach copy of press release)
 - ☐ Publication of the CCR in a local newspaper of general circulation (attach a copy of the published notice, including name of newspaper and date published)
 - ☐ Posted the CCR in public places (attach a list of locations)
 - ☐ Delivery of multiple copies of CCR to single-billed addresses serving several persons, such as apartments, businesses, and schools
 - ☐ Delivery to community organizations (attach a list of organizations)
 - ☐ Publication of the CCR in the electronic city newsletter or electronic community newsletter or listserv (attach a copy of the article or notice)
 - ☒ Electronic announcement of CCR availability via social media outlets (attach list of social media outlets utilized)
 - ☐ Other (attach a list of other methods used)
- ☒ For systems serving at least 100,000 persons: Posted CCR on a publicly-accessible internet site at the following URL: www.wmwd.com/2019CCR
- ☐ For privately-owned utilities: Delivered the CCR to the California Public Utilities Commission

Consumer Confidence Report Electronic Delivery Certification

Water systems utilizing electronic distribution methods for CCR delivery must complete this page by checking all items that apply and fill-in where appropriate.

- ☒ Water system mailed a notification that the CCR is available and provides a direct URL to the CCR on a publicly available website where it can be viewed (attach a copy of the mailed CCR notification). URL: www.wmwd.com/2019CCR
- ☒ Water system emailed a notification that the CCR is available and provides a direct URL to the CCR on a publicly available site on the Internet where it can be viewed (attach a copy of the emailed CCR notification). URL: www.wmwd.com/2019CCR
- ☐ Water system emailed the CCR as an electronic file email attachment.
- ☐ Water system emailed the CCR text and tables inserted or embedded into the body of an email, not as an attachment (attach a copy of the emailed CCR).
- ☐ *Requires prior DDW review and approval.* Water system utilized other electronic delivery method that meets the direct delivery requirement.

Provide a brief description of the water system's electronic delivery procedures and include how the water system ensures delivery to customers unable to receive electronic delivery.

Western designed a 2019 CCR postcard that was printed and mailed to all Western customers. The mailing form is attached to confirm delivery of the postcard. We utilized Constant Contact to email all customers who had provided a valid email address to Western. Screen shot of email is attached. We mailed out bill stuffers, issued a press release and conducted a social media campaign through various platforms to inform Western customers of the availability of the 2019 CCR (attached).

This form is provided as a convenience and may be used to meet the certification requirement of section 64483(c) of the California Code of Regulations.

...

Western has released its annual water quality report, announcing more than 30,000 tests conducted in 2019 to ensure the safety and quality of your drinking water.

The report is available in English and Spanish, both digitally and in print. Providing the report in multiple medias and languages further exemplifies Western's commitment to using customer dollars responsibly while making sure we are being open and transparent in our reporting.

View the report and/or request a printed copy by visiting wmwd.com/CCR.

The cover of the 2019 Annual Water Quality Report for the Western Municipal Water District. It features a blue header with the title "2019 Annual Water Quality Report" in white, followed by "Western Municipal Water District" and "Issued in July 2020". Below the header is a photograph of a smiling woman and a young child with curly hair looking at each other near a kitchen sink. The Western Municipal Water District logo is in the bottom left corner. At the bottom, the text "Western Municipal Water District Public Utility Company" is on the left, and a "Learn More" button is on the right.

Western releases annual water quality report

Conducting more than 30,000 tests in 2019 to ensure the safety and quality of drinking water

RIVERSIDE, CA – Western Municipal Water District (Western) announces the release of its 2019 Consumer Confidence Report, an annual water quality report required by the U.S. Environmental Protection Agency (EPA) and State Water Resources Control Board (State Water Board), Division of Drinking Water (DDW).

In 2019, Western sampled from more than 175 locations within its distribution system, performing more than 30,000 tests to monitor contaminants

and impurities to ensure the safety and quality of the drinking water delivered to the homes, businesses, and schools within Western's service area.

"One of Western's top priorities is making sure that our water is monitored and regulated, from source to tap," said General Manager Craig Miller. "When customers turn on their tap, we want them to know they can count on their water being safe to drink, today and always."

The State Water Board, DDW requires water agencies to provide all customers with an annual report on the quality of their drinking water and to show how it meets federal and state drinking water standards. Western continues to meet or exceed all stringent drinking water quality standards set by the EPA and DDW.

Guidelines set for distributing this report allow for electronic delivery of the report in lieu of a paper copy delivered through the United States Postal Service. This year, in addition to providing the digital and printed report in English, Western is providing a Spanish translation.

"By providing these reports electronically, Western can reduce costs and eliminate paper waste associated with printing and mailing the full report to our nearly 25,000 accounts," said Miller. "Additionally, providing the report in multiple languages further exemplifies Western's commitment to using customer dollars responsibly, while making sure we are being open and transparent in our reporting."

To read the full report in either English or Spanish, visit wmwd.com/CCR. Customers may change their delivery preference at any time. Western will mail a paper copy of this report upon request. To request a paper copy of this report, call Western at 951.571.7119 or email outreach@wmwd.com.
