 - ☐ Mailing the CCR to postal patrons within the service area (attach zip codes used)
 - ☒ Advertising the availability of the CCR in news media (attach copy of press release)
 - ☐ Publication of the CCR in a local newspaper of general circulation (attach a copy of the published notice, including name of newspaper and date published)
 - ☐ Posted the CCR in public places (attach a list of locations)
 - ☐ Delivery of multiple copies of CCR to single-billed addresses serving several persons, such as apartments, businesses, and schools
 - ☐ Delivery to community organizations (attach a list of organizations)
 - ☐ Publication of the CCR in the electronic city newsletter or electronic community newsletter or listserv (attach a copy of the article or notice)
 - ☒ Electronic announcement of CCR availability via social media outlets (attach list of social media outlets utilized)
 - ☐ Other (attach a list of other methods used)
- ☒ For systems serving at least 100,000 persons: Posted CCR on a publicly-accessible internet site at the following URL: www.wmwd.com/h2oreport
- ☐ For privately-owned utilities: Delivered the CCR to the California Public Utilities Commission

Consumer Confidence Report Electronic Delivery Certification

Water systems utilizing electronic distribution methods for CCR delivery must complete this page by checking all items that apply and fill-in where appropriate.

- ☒ Water system mailed a notification that the CCR is available and provides a direct URL to the CCR on a publicly available website where it can be viewed (attach a copy of the mailed CCR notification). URL: www.wmwd.com/h2oreport _____
- ☒ Water system emailed a notification that the CCR is available and provides a direct URL to the CCR on a publicly available site on the Internet where it can be viewed (attach a copy of the emailed CCR notification). URL: www.wmwd.com/h2oreport _____
- ☐ Water system emailed the CCR as an electronic file email attachment.
- ☐ Water system emailed the CCR text and tables inserted or embedded into the body of an email, not as an attachment (attach a copy of the emailed CCR).
- ☐ *Requires prior DDW review and approval.* Water system utilized other electronic delivery method that meets the direct delivery requirement.

Provide a brief description of the water system's electronic delivery procedures and include how the water system ensures delivery to customers unable to receive electronic delivery.

Once our CCR postcard was designed and approved, we had it printed and mailed by our print vendor. We provide a full mailing list of all Western customers to our print/mail vendor. Mailing form 3602 is attached to confirm delivery of the postcard.

We utilized Constant Contact to emailed to all customers who had provided a valid email address to Western. Screen shot of email and confirmation from Constant Contact for the delivery of the email is attached.

This form is provided as a convenience and may be used to meet the certification requirement of section 64483(c) of the California Code of Regulations.

Annual water quality report: Western's water is clean and safe to drink

RIVERSIDE, CA – The annual report card on Western Municipal Water District's water quality is in and the results reflect, as expected, top marks for clean, safe drinking water.

In June, the annual [Water Quality Report—also known as the Consumer Confidence Report](#)—was released. The report describes, in detail, the quality of water customers received in their home during 2018. Western has again surpassed every federal and state drinking water standard, as set forth by the State Water Resources Control Board's Division of Drinking Water and the United States Environmental Protection

Agency.

"Western takes great pride in delivering the highest quality water available," said General Manager Craig Miller. "When customers turn on their tap, they can count on their water being safe to drink—purified, tested and monitored to protect their health and safety."

The State Water Resources Control Board Division of Drinking Water requires water agencies such as Western to provide all customers with an annual report on the quality of drinking water and to show how it meets federal and state drinking water standards.

This year, Western is making the report available to customers online. All customers will be receiving a mailed postcard and printed, mailed copies are available upon request.

"Due to a change in the law and a commitment to keep costs low, Western is posting the report on its website and mailing notices of its availability to customers," said Miller.

With a 100 percent reliability rate that ensures water and sewer services, Western continuously works to ensure customers have a reliable supply of high-quality water at a reasonable price. The District's operations team take daily water samples from throughout the District to ensure its water measures up to local, state, and federal purity standards.

To read the full report, visit www.wmwd.com/h2oreport. To request a printed copy or to learn more about the annual water quality report, email water@wmwd.com or call 951.571.7100.
