Attention landlords, businesses, schools and other groups:

Each year, Sacramento County Water Agency provides its customers with an Annual Water Quality Report to let them know how our water quality stacks up against established federal and state drinking water standards. We encourage you to review this report as it provides details about the source and quality of the drinking water delivered to your community in 2024.

In an effort to be more environmentally responsible, we are no longer printing these reports, but starting July 1, 2025 you will be able to view your water quality report online at www.saccountyccr.net. If you wish to have a paper copy, you can print one directly from our website. You can also receive a printed version by contacting our Customer Service Center at 311.
