

Mill Creek Mutual Services Company.  
2020 Annual Drinking Water Report

## 2020 Annual Drinking Water Report

The purpose of this Drinking Water Report is to provide information about the quality of the water delivered to the customers / shareholders this past year 2020. This report is mandated by the United States environmental protection Agency (USEPA), and we believe it is your right to know where your water comes from and what it contains. We are happy to report that we have consistently delivered water that has met or exceeded the standards set by State and Federal Law. For more information about this Annual Drinking Water Report, you can contact the board President, John Elliot, at 909 794 2440 or the Water Quality / Water System Operator, Andrew Coleman, at 909 499 0192, or by e-mail at millcreekmutualservice@gmail.com.

### Water sources

Mill Creek Mutual Services Company receives water from the City of Redlands water wells, Mill Creek 2 & Mill Creek 2A. Please see the following water quality information from these two water well sources, and water quality information from Mill Creek Mutual Services Company water storage and distribution system.
