Consumer Confidence Reports Available Now!

The Consumer Confidence Report, or CCR, is an annual water quality report that the Safe Drinking Water Act (SDWA) requires Golden State Water Company to provide to you. The purpose of the CCR is to raise customer awareness of the quality of your drinking water, where your drinking water comes from, what it takes to deliver water to your homes, and the importance of protecting drinking water sources. This report contains important information about the source and quality of your drinking water.

In recent years, Golden State Water Company has mailed its customers a printed copy of the CCR to comply with the SDWA.

On February 21, 2013, the California Department of Public Health expanded its interpretation of the SDWA to allow for electronic delivery of the CCR. The electronic delivery method will allow Golden State Water Company to reduce the consumption of paper and minimize potential printing and mailing costs.

If you would like a paper copy of the 2019 CCR mailed to your address or would like to speak with someone about the report, please call 1-800-999-4033 or email waterquality@gswater.com.

*You can view your 2019 Consumer Confidence Report and learn more about your drinking water by visiting our website. **You can find a direct URL link in the message center on the back of your water bill.** You can also find the URL link for your system in the table on the reverse.*

El informe de Confianza del Consumidor o CCR, es un informe anual de la calidad de agua potable que el Decreto de Agua Potable Sana requiere que Golden State Water Company (GSWC, por sus siglas en ingles) le provee. El objetivo del CCR es aumentar la conciencia de los consumidores acerca de la calidad de su agua potable, de donde viene el agua potable, lo que se necesita para distribuir agua a su hogar, y la importancia de proteger fuentes de agua potable. Este informe contiene información importante acerca del origen y la calidad de su agua potable.

En los últimos años, GSWC ha enviado por correo una copia del CCR para cumplir con la regulación.

El 21 de febrero de 2013, el Departamento de Salud Pública de California ha ampliado su interpretación de la regulación para permitir la distribución electrónica del CCR. El método de entrega electrónica permitirá que GSWC reduzca el consumo de papel y gastos de envío y de imprenta.

Si desea una copia en papel del CCR del 2019 enviado por correo a su dirección o si desea hablar con alguien sobre el informe, llame al 1-800-999-4033 o por correo electrónico a waterquality@gswater.com.

WRAM/MCBA SURCHARGE/SURCREDIT. The Water Revenue Adjustment Mechanism (WRAM) and Modified Cost Balancing Account (MCBA) were adopted by the CPUC in 2008 to help ensure revenue recovered from rates balances with expenses to operate, maintain and improve the water system. A large portion of these costs are fixed, meaning that they don't change as usage changes. These tools ensure under-collected revenue is recovered with a temporary surcharge, and revenue that exceeds the authorized amount is returned to customers in the form of a temporary surcredit. For additional information on the WRAM/MCBA, please visit gswater.com.

DROUGHT INFORMATION/RESTRICTIONS: Golden State Water has implemented local conservation standards for its water systems, reflecting the State Water Board's revised emergency regulations that were issued on May 18, 2016 then extended on Feb. 8, 2017. Many of Golden State Water's systems now have voluntary conservation goals, while others (Edna Road, Cypress Ridge, Nipomo) remain in mandatory conservation under Staged Mandatory Water Conservation and Rationing (Schedule 14.1) due to local water supply conditions. Please visit gswater.com/drought for additional information and to review the water-use restrictions, conservation goals and reduction mandates for your community. Please check the "Message Center" at the top of this bill for irrigation restrictions in your area.

DISPUTING YOUR BILL: If you believe there is an error on your bill or have a question about your service, please call Golden State Water Company customer support at (800) 999-4033. We welcome the opportunity to assist you. If after contacting us, you are still not satisfied with Golden State Water Company's response, you may submit a complaint to the California Public Utilities Commission (CPUC) by visiting <http://www.cpuc.ca.gov/complaints/>. Dear Valued Customer,

Golden State Water is pleased to announce that Consumer Confidence Reports are now available. The Consumer Confidence Report, or CCR, is an annual water quality report that the Safe Drinking Water Act (SDWA) requires Golden State Water Company to provide to you. The purpose of the CCR is to raise customer awareness of the quality of your drinking water, where your drinking water comes from, what it takes to deliver water to your homes, and the importance of protecting drinking water sources. This report contains important information about the source and quality of your drinking water.

In recent years, Golden State Water Company has mailed its customers a printed copy of the CCR to comply with the SDWA.

On February 21, 2013, the State Water Board Division of Drinking Water expanded its interpretation of the SDWA to allow for electronic delivery of the CCR. The electronic delivery method allows Golden State Water Company to reduce the consumption of paper and minimize potential printing and mailing

costs.

If you would like a paper copy of the 2019 CCR mailed to your mailing address or would like to speak with someone about the report, please call 1- 800-999-4033 or email waterquality@gswater.com.
