

**Consumer Confidence Report
Certification Form**

(to be submitted with a copy of the CCR)

(To certify electronic delivery of the CCR, use the certification form on the State
Water Board's website at

http://www.swrcb.ca.gov/drinking_water/certlic/drinkingwater/CCR.shtml)

Water System Name:	CAL-AM WATER CORONADO
Water System Number:	CA3710001

The water system named above hereby certifies that its Consumer Confidence Report was distributed on May 19, 2023 to customers (and appropriate notices of availability have been given). Further, the system certifies that the information contained in the report is correct and consistent with the compliance monitoring data previously submitted to the State Water Resources Control Board, Division of Drinking Water.

Certified by: Mike Phillips
Name: Mike Phillips
Signature: 
Title: Manager, Water Quality & Environmental Compliance
Phone number: 626-223-9460
Date: June 16, 2023

To summarize report delivery used and good-faith efforts taken, please complete the below by checking all items that apply and fill-in where appropriate:

- X CCR was distributed by mail or other direct delivery methods. Specify other direct delivery methods used: Bill message notification
- X "Good faith" efforts were used to reach non-bill paying consumers. Those efforts included the following methods:
- X Posting the CCR on the Internet at www.amwater.com/ccr/coronado.pdf
 - ☐ Mailing the CCR to postal patrons within the service area (attach zip codes used)
 - X Advertising the availability of the CCR in news media (attach copy of press release)
 - ☐ Publication of the CCR in a local newspaper of general circulation (attach a copy of the published notice, including name of newspaper and date published)
 - ☐ Posted the CCR in public places (attach a list of locations)
 - ☐ Delivery of multiple copies of CCR to single-billed addresses serving several persons, such as apartments, businesses, and schools
 - ☐ Delivery to community organizations (attach a list of organizations)
 - ☐ Other (attach a list of other methods used)

X For systems serving at least 100,000 persons: Posted CCR on a publicly-accessible internet site at the following address:
www.amwater.com/ccr/coronado.pdf

X For investor-owned utilities: Delivered the CCR to the California Public Utilities Commission

This form is provided as a convenience for use to meet the certification requirement of the California Code of Regulations, section 64483(c).

Messages from California American Water

- Save time and money. Enroll in Auto Pay using your credit card or bank account, and your bill will be paid on time, every time, on the due date. No stamps required!
- Beginning on or after April 3, 2023 you may notice the WRAM/MCBA surcharge on your bill has been updated. The impact of the surcharge for San Diego water system customers will be a decrease of -\$0.88 or -0.99 % per month for the typical residential customer and is being implemented by Advice Letter 1409.
- *****IMPORTANT WATER QUALITY MESSAGE:** Your annual Water Quality Report can be viewed electronically at www.amwater.com/ccr/coronado.pdf. If you prefer a paper copy to be sent to you, please contact our Customer Service Center at 888-237-1333.

**WANT FAST,

bill or have a question about your service, please call California American Water Company customer support at 1-888-237-1333. If you are not satisfied with California American Water Company's response, submit a complaint to the California Public Utilities Commission (CPUC) by visiting www.cpuc.ca.gov/ complaints. Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), which can be reached by the following means if you prefer not to submit your complaint online:

TTY: 1-800-649-7570 (8:30 AM to 4:30 PM, Monday through Friday)

Mail: California Public Utilities Commission, Consumer Affairs Branch
505 Van Ness Avenue, Room 2003, San Francisco, CA 94102

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing direct assistance relaying telephone conversations, as well their friends, family, and business contacts. If you prefer having your calls immediately answered in your mode of communication, dial one of the toll-free language-specific numbers below to be routed to the California Relay Service provider.

TYPE OF CALL	LANGUAGE	TOLL-FREE 800 NUMBER
TTY/VCO/HCO to Voice	English	1-800-735-2929
	Spanish	1-800-855-3000
Voice to TTY/VCO/HCO	English	1-800-735-2922
	Spanish	1-800-855-3000
From or to Speech-to-Speech	English & Spanish	1-800-854-7784

To avoid having service turned off while you wait for the outcome of a complaint to the CPUC **specifically regarding the accuracy of your bill**, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you with instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

Understanding Your Bill

The information below defines some of the new terms you may find on your bill:

- Service Related Charges:** This section includes charges for services related to water (or wastewater) service. If applicable, credits and debits for correction to previously billed charges are itemized in this section.
- Fees and Adjustments:** This section provides details related to additional charges or adjustments for the service period referenced. Fees, when applicable, would include items such as service activation and late payment charges.
- Surcharges:** Surcharges are used to recover changes to costs that occur between ratemaking cycles. Common surcharges include Purchased Water, Consolidated Expenses, Conservation, Intervenor Compensation and Payment Assistance.
- Billing Units:** One billing unit equals 100 gallons of water used. If the meter serving your property measures your water use in cubic feet or a different unit of measure, we convert the usage to gallons to make it easier to understand.
- Average Daily Use:** The gallons shown in the water droplet above represent your average daily water use for the current billing period. Tracking the amount of water you use can help you manage your overall water use from month to month.
- Still have questions?** We are here to help. Our customer service representatives are available M–F, 7 a.m. to 7 p.m. More information on understanding your bill and charges can also be found on our website. See the link below.

Para obtener asistencia con la traducción de su factura, comuníquese con nuestro Centro de Servicio al Cliente, de lunes a viernes de 7 a.m. a 7 p.m.

For more information about your charges and rates, please visit:
<https://www.amwater.com/caaw/Customer-Service-Billing/Water-Rates/>

- Su informe anual de la calidad de agua puede consultarse electrónicamente en www.amwater.com/ccr/coronadospanish.pdf. Si prefiere una copia, por favor póngase en contacto al cliente con nuestro centro de servicio en 888-237-1333.

GROW WATER WISE THIS SUMMER

Outdoor water use generally increases during summer months. Approximately 50% of water used outdoors is wasted due to evaporation, wind, or runoff because of overwatering. With summer around the corner, you can take simple steps to increase your water wisdom and avoid water waste.

TRANSFORM YOUR YARD

- **Research which plants are best for your yard.** Visit cnps.org to find more information about California native plants.
- **Replace thirsty vegetation with native and drought-tolerant plants** that can live off the low levels of rainfall. A sustainably designed, drought-tolerant native garden can use 85% less water per year than a traditional landscape with turf and high-water-use plants.
- **Participate in our webinars.** California American Water, in partnership with Green Gardens Group, offers regular online webinars on various landscaping topics. Visit greengardensgroup.com > Education > California American Water Landscape Classes for more information.

AVOID EVAPORATION & WIND

- **Water late in the day or early morning.** Not only is there less water loss due to evaporation when the sun is down, but windy weather occurs more often during the daytime hours.
- **Put a cover on the pool.** Covering a pool when you're not using it can reduce water loss from evaporation and wind. As a bonus, it can also reduce pool heating costs.

AVOID RUNOFF

- **Water for multiple, short durations.** This will allow water to soak into the soil.
- **Adjust sprinklers** so they don't spray onto streets or sidewalks.
- **Repair leaking or broken sprinklers** as soon as possible.
- **Upgrade to a WaterSense-labeled irrigation system controller** that uses local weather data or monitors the moisture level of soil to determine when and how much to water.

WATER QUALITY REPORTS SHOW EXCELLENT RESULTS FOR CALIFORNIA AMERICAN WATER CUSTOMERS

SAN DIEGO (May 19, 2023) – California American Water published its 2022 Consumer Confidence Reports, demonstrating high-quality water service throughout its state districts. The annual reports compare California American Water's water quality with standards established by the U.S. Environmental Protection Agency and the California State Water Resources Control Board, Division of Drinking Water.

The reports also cover drinking water sources, public health information, substances detected in the water and the levels of those substances. Commonly asked questions and answers concerning drinking water are also included.

The reports continue a contemporary design that features illustrated sections of common containments and simple-to-read explanations of the various technical terms within the document.

"We are pleased to announce that our 2022 reports demonstrate excellent water quality that meets and exceeds all regulatory standards," said Kevin Tilden, President of California American Water. "We hope that customers will find these reports educational and helpful in answering the questions they may have about the state of their water."

Customers can look up their water quality reports by zip code by visiting: <https://www.americanwater.com/caaw/Water-Quality-Wastewater-Information/Water-Quality-Reports/>

About California American Water

California American Water, a subsidiary of American Water (NYSE: AWK), provides high-quality and reliable water and wastewater services to more than 725,000 people. Information regarding California American Water's service areas can be found on the company's website <https://amwater.com/caaw>.

About American Water

With a history dating back to 1886, American Water (NYSE: AWK) is the largest and most geographically diverse U.S. publicly traded water and wastewater utility company. The company employs approximately 6,500 dedicated professionals who provide regulated and regulated-like drinking water and wastewater services to an estimated 14 million people in 24 states. American Water provides safe, clean, affordable, and reliable water services to our customers to help keep their lives flowing. For more information, visit amwater.com and diversityataw.com. Follow American Water on Twitter, Facebook, and LinkedIn.
