The City of Escondido Utilities Department mailed a postcard to all of its Water and Wastewater customers, informing them that an electronic version of the Water Quality Report (in English and in Spanish) is available for their review at the following City URL: www.escondido.org/water-quality-reports.aspx The postcard also let them know that if they wanted a hard copy of the Report, they could obtain one by calling the Utilities Department at 760-839-4662 and requesting that a printed version be mailed to their home. Though a portion of the City's Wastewater customers are Water customers of other Districts, our desire was to reach every mailing address (and possible customer) within our jurisdiction.

In addition, a link to the English and Spanish Reports was also placed on the City of Escondido's main web page to catch the attention of residents/customers visiting the City's website.
