Provide a brief description of the water system's electronic delivery procedures and include how the water system ensures delivery to customers unable to receive electronic delivery.

Emails with a URL link to the report were sent to both regular and electronic bill paying customers. In addition, district newsletter and envelope snipes with a URL link to the report were included as inserts to all regular mail bills, and electronic newsletters were included in all electronic bills. Printed reports were mailed to customers who requested a hard copy. The availability of the CCR with links to the report was advertised in newspaper and media outlets consisting of the San Diego Union Tribune and Water News Network. The CCR was further announced via social media posts on Facebook and X. The CCR continues to be available on the district's publicly available website and at three physical locations, and customers who contact the district with water quality related inquiries are notified of the availability of the CCR. Please refer to the
attached outreach data.
