 - ☒ Advertising the availability of the CCR in news media (attach copy of press release)
 - ☒ Publication of the CCR in a local newspaper of general circulation (attach a copy of the published notice, including name of newspaper and date published)
 - ☒ Posted the CCR in public places: Poway City Hall, Poway Public Works Administration & Lester J. Berglund Water Treatment Plant
 - ☐ Delivery of multiple copies of CCR to single-billed addresses serving several persons, such as apartments, businesses, and schools
 - ☐ Delivery to community organizations (attach a list of organizations)
 - ☐ Publication of the CCR in the electronic city newsletter or electronic community newsletter or listserv (attach a copy of the article or notice)
 - ☒ Electronic announcement of CCR availability via social media outlets (attach list of social media outlets utilized) Facebook and Twitter
 - ☐ Other (attach a list of other methods used)
- ☐ *For systems serving at least 100,000 persons:* Posted CCR on a publicly-accessible internet site at the following URL: www.
- ☐ *For privately-owned utilities:* Delivered the CCR to the California Public Utilities Commission

Consumer Confidence Report Electronic Delivery Certification

Water systems utilizing electronic distribution methods for CCR delivery must complete this page by checking all items that apply and fill-in where appropriate.

- ☒ Water system mailed a notification that the CCR is available and provides a direct URL to the CCR on a publicly available website where it can be viewed (attach a copy of the mailed CCR notification).
URL: www.poway.org/waterqualityreport2019_____
- ☐ Water system emailed a notification that the CCR is available and provides a direct URL to the CCR on a publicly available site on the Internet where it can be viewed (attach a copy of the emailed CCR notification). URL: www._____
- ☐ Water system emailed the CCR as an electronic file email attachment.
- ☐ Water system emailed the CCR text and tables inserted or embedded into the body of an email, not as an attachment (attach a copy of the emailed CCR).
- ☐ *Requires prior DDW review and approval.* Water system utilized other electronic delivery method that meets the direct delivery requirement.

Provide a brief description of the water system's electronic delivery procedures and include how the water system ensures delivery to customers unable to receive electronic delivery.

The City of Poway mailed a postcard to every resident within the City of Poway service area, notifying

_____ Them of the 2019 CCR and the direct link to view the report. In addition, for those that prefer a hard copy of the report, a phone number was

_____ listed on the post card to a direct person so they could provide their mailing information. In previous years, if anyone had called and requested

_____ a hard copy, one was automatically mailed to them. To ensure every water customer was notified of the report, the City included a message

_____ on their water bill. Social media was used as well, being posted on the City's Facebook and Twitter pages.

POWAY WATER QUALITY REPORTS NOW AVAILABLE

POWAY, Calif. – The City of Poway water customers continue to receive high-quality drinking water according to the City's 2019 Annual Water Quality Report released this week. The annual publication is a state and federal requirement that provides test results of water quality analysis conducted in 2019. Also called a Consumer Confidence Report, the report is intended to educate the public on the extensive monitoring done on tap water and the findings of those tests.

As it was a success last year, the City will be posting the 2019 Water Quality Report on its website in lieu of sending copies by postal mail to homes and businesses. The report is available online at www.poway.org/waterqualityreport2019.

Printed copies of the 2019 Annual Water Quality Report are available at the Customer Services counter on the first floor of the Poway City Hall, 13325 Civic Center Drive. To have a copy of the report mailed, contact Public Works at (858) 668-4703.

Limited passes left for fireworks show

BY EMILY SORENSEN

Extremely limited parking passes are now available for non-Powegians to purchase on the City of Poway's website for the city's Fourth of July fireworks show at Poway High School.

As no seating is being allowed in the Poway High stadium, the city is instead selling parking passes for Lake Poway, where pass holders can view the fireworks show from the safety of their vehicle.

About 80 of the 500 passes were

available as of Tuesday, according to Rene Carmichael, the city's community outreach coordinator. They may be purchased at poway.org/july4th-lake-permit. Passes are \$1.50 for Poway residents (processing fee).

Non-Poway residents pay \$10, plus the \$1.50 processing fee. About half of the permits were sold on June 17, the first day they were available to Poway residents, Carmichael said.

City report shows drinking water is safe, high-quality

BY EMILY SORENSEN

The City of Poway's drinking water remains high-quality according to the city's 2019 annual Water Quality Report.

The annual publication is a state and federal requirement that provides test results of water quality analysis conducted in 2019, according to a press release

from the city. It is also called a Consumer Confidence Report and is intended to educate the public on the extensive monitoring done on tap water and the findings of those tests.

The report covers tests conducted between Jan. 1 and Dec. 31, 2019 and gives test results, as well as explains where Poway's

water originates. It also contains definitions for the various testing reports to make things easier for the reader; explanations on how Poway receives, treats and disinfects its water; and water-saving tips.

Nearly 900 gather to pray for community's healing

BY ELIZABETH MARIE HIMCHAK

Nearly 900 locals spanned several blocks in Carmel Mountain Ranch on Saturday morning to join together in an hour of prayer for the region's healing.

"The event's focus will be to pray for breakthrough in the aftermath of COVID-19 and racial division that has threatened to tear our city apart," organizers said prior to the event.

The North Inland "We Pray San Diego" event from 9 to 10 a.m. was one of 11 held simultaneously countywide for which more than 4,000 persons and 115 faith

communities had registered to attend, according to organizers. The Carmel Mountain Ranch location attracted residents and faith leaders from Poway, Rancho Bernardo, 43 Ranch and adjacent communities.

Based on registration, at least 15 churches and 862 people were present at the Carmel Mountain Ranch event, according to Makala Arcio from Rock Church San Marcos.

Also present were elected leaders, including at least nine mayors and two county supervisors

levels for all tests, according to the report. While Lake Poway's water shows minor levels of microbiological material, these are either naturally present in the environment or due to animal activity. Other common water concerns, like lead, show far below the state-required levels.

The report references the 2019 water crisis Poway experienced, where a precautionary boil water advisory was issued and restaurants, among other businesses, were forced to shut down for a week. The report states during the seven-day period between Nov. 30 and Dec. 6, the city collected 255 water samples from residences, business, the distribution system and water storage facilities.

The results from those tests were analyzed in a state certified laboratory and confirmed the water was safe.

Poway's sources for drinking water include rivers, lakes, streams, ponds, reservoirs, springs and wells. Because of this, water can contain naturally-occurring minerals and in some cases radioactive material, as well as substances resulting from animal or human activity, according to the report.

Poway relies on two surface water sources: water imported from the San Diego County Water Authority and local rainfall captured by Lake Poway. The imported water comprises the majority of the community's water needs, accounting for 99.5 percent of the raw water supply.

Raw water is received from the Northern California Aqueduct and the Colorado River systems, according to the report. The water is pumped to the Lester J. Berglund Water Treatment Plant and Lake Poway for storage. It is then treated and disinfected before being made available to customers.

The report is available online at poway.org/WaterQualityReport2019. Printed copies are also available at the Customer Services counter on the first floor of Poway City Hall, 13325 Civic Center Drive. To have a copy mailed, call Public Works at 858-668-4703.

cleaning the diving board between uses," LeFevre said. "It's well worth it to be able to swim."

Catherine said she was "really excited" to be able to swim at the pool and the diving board was "super awesome."

Recreation Supervisor Mike Varga

said he has seen a steady stream of reservations for lap times, but he thought the public was still getting used to signing up for swimming. He said the first day saw about six families per time slot.

In addition to the 30-minute cleaning period between time slots, Varga said staff clean all surfaces in the locker rooms every hour and are

required to wear masks. Visitors are also required to wear masks for admittance and outside the pool.

Sections of the pool are taped off to give families a socially-distanced area to swim and spend time in during their reservation.
