## Valley Center Municipal Water District 2018 Consumer Confidence Report

The Consumer Confidence Report, or CCR, is an annual water quality report that the Safe Drinking Water Act (SDWA) requires Valley Center Municipal Water District to provide you with. The purpose of the CCR is to assist customers' awareness of the quality of their drinking water, where their drinking water comes from, what it takes to deliver water to their homes, and the importance of protecting drinking water sources.

In recent years, Valley Center MWD has mailed its customers a printed copy of this CCR to comply with the SDWA.

In 2019, the California Department of Public Health expanded its interpretation of the SDWA to allow for electronic delivery of the CCR. The electronic delivery method will allow Valley Center MWD to reduce the consumption of paper, and minimize potential printing and mailing costs.

This notice contains instructions for you to obtain important information about your drinking water. Translate it, or speak with someone who understands it.

*Este reporte contiene las instrucciones mas recientes para obtener informacion importante sobre su agua potable. Traducir, o hablar con alguien que lo entienda.*
