

Consumer Confidence Report Certification Form

(To be submitted with a copy of the CCR)

Water System Name:	Borrego Water District
Water System Number:	3710036

The water system named above hereby certifies that its Consumer Confidence Report was distributed on June 25, 2021 to customers (and appropriate notices of availability have been given). Further, the system certifies that the information contained in the report is correct and consistent with the compliance monitoring data previously submitted to the State Water Resources Control Board, Division of Drinking Water (DDW).

Certified by:

Name: Alan Asche	Title: Operations Manager
Signature: 	Date: 9/25/2023
Phone number: 760-767-5806	blank

To summarize report delivery used and good-faith efforts taken, please complete this page by checking all items that apply and fill-in where appropriate:

- CCR was distributed by mail or other direct delivery methods (attach description of other direct delivery methods used).
- CCR was distributed using electronic delivery methods described in the Guidance for Electronic Delivery of the Consumer Confidence Report (water systems utilizing electronic delivery methods must complete the second page).
- "Good faith" efforts were used to reach non-bill paying consumers. Those efforts included the following methods:
 - Posting the CCR at the following URL: www.borregowd.org_____
 - Mailing the CCR to postal patrons within the service area (attach zip codes used)
 - Advertising the availability of the CCR in news media (attach copy of press release)
 - Publication of the CCR in a local newspaper of general circulation (attach a copy of the published notice, including name of newspaper and date published)
 - Posted the CCR in public places (attach a list of locations)
 - Delivery of multiple copies of CCR to single-billed addresses serving several persons, such as apartments, businesses, and schools
 - Delivery to community organizations (attach a list of organizations)
 - Publication of the CCR in the electronic city newsletter or electronic community newsletter or listserv (attach a copy of the article or notice)

- Electronic announcement of CCR availability via social media outlets (attach list of social media outlets utilized)
- Other (attach a list of other methods used)
- For systems serving at least 100,000 persons: Posted CCR on a publicly-accessible internet site at the following URL: www._____
- For privately-owned utilities: Delivered the CCR to the California Public Utilities Commission

Consumer Confidence Report Electronic Delivery Certification

Water systems utilizing electronic distribution methods for CCR delivery must complete this page by checking all items that apply and fill-in where appropriate.

- Water system mailed a notification that the CCR is available and provides a direct URL to the CCR on a publicly available website where it can be viewed (attach a copy of the mailed CCR notification). URL: www._____
<https://www.borregowd.org/consumer-confidence-reports>
- Water system emailed a notification that the CCR is available and provides a direct URL to the CCR on a publicly available site on the Internet where it can be viewed (attach a copy of the emailed CCR notification). URL: www._____
- Water system emailed the CCR as an electronic file email attachment.
- Water system emailed the CCR text and tables inserted or embedded into the body of an email, not as an attachment (attach a copy of the emailed CCR).
- Requires prior DDW review and approval. Water system utilized other electronic delivery method that meets the direct delivery requirement.

Provide a brief description of the water system's electronic delivery procedures and include how the water system ensures delivery to customers unable to receive electronic delivery.

The Borrego Water District notified our customers by a statement message printed on customers' bills of the availability of the CCR on our website and that a copy is available in our office.

This form is provided as a convenience and may be used to meet the certification requirement of section 64483(c) of the California Code of Regulations.

THIS NOTICE CONTAINS INSTRUCTIONS FOR YOU TO OBTAIN IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER. TRANSLATE IT, OR SPEAK WITH SOMEONE WHO UNDERSTANDS IT.

Este reporte contiene las instrucciones para obtener informacion importante sobre su agua potable. Tradusca, o hable con alguien que lo entienda.

The Consumer Confidence Report, or CCR, is an annual water quality report that the Safe Drinking Water Act (SDWA) requires BWD to provide you with. The purpose of the CCR is to raise customers' awareness of the quality of their drinking water, where their drinking water comes from, what it takes to deliver water to their homes, and the importance of protecting drinking water sources.

In recent years, BWD has mailed its customers a printed copy of the CCR to comply with the SDWA.

On February 21, 2013, the State Water Resources Control Board, Division of Drinking Water expanded its interpretation of the SDWA to allow for electronic delivery of the CCR. The electronic delivery method will allow BWD to reduce the consumption of paper, and minimize potential printing and mailing costs.

To view your 2022 Consumer Confidence Report and to learn more about your drinking water, please visit the following URL:

If you would like a paper copy of the 2022 CCR mailed to your mailing address or would like to speak with someone about the report, please call (760) 767-5806.

BASIC Welcomes New Staff

Basic Assistance for Students in the Community, or BASIC as it is better known, is happy to announce that since the beginning of 2023, we have brought on two valuable additions to our team. For the first time in our history, we have paid staff who provide leadership, help manage our day-to-day operations, supervise programs and who are committed members of the Borrego Springs community.

We welcome Nidia Meza as our Managing Director. Nidia holds a bachelor's degree in business marketing with over 20 years of professional experience in leadership and management operations, with responsibilities for steering improvement projects, building and guiding top-performing teams, and optimizing internal operations. Nidia provides organizational leadership for BASIC and manages all

operations, programs and technology. She will implement new strategies and streamline infrastructure for future organization growth. She is responsible for financial management and serves on the finance committee and is the Dolly Parton Imagination Library coordinator. Nidia immigrated as a child from Mexico and was the first in her family to graduate from college. Nidia volunteers for many organizations such as the UMC and local food banks, in Borrego Springs. She understands the importance of Education as the cornerstone of lifelong achievement.

We've also welcomed Eddie Rivera as Development Director. Eddie is a lifelong Borregan who graduated with honors in Ethnic Studies at Cal Poly Humboldt. Eddie helped create the DREAM Club in high school, which raised funds for DACA applications and renewals. Now, he spends his time writing grants, and press releases, mentoring BASIC scholars, and has begun work for a new BASIC program, the Latino Family Literacy Project. Outside of BASIC, he is the treasurer for the new Community Resource Center. Eddie is honored to work for the community he knows and loves and

Eddie Rivera and Nidia Meza

looks forward to helping build a better Borrego.

As BASIC celebrates its 25-year history of giving to the community, we look to the future with hope and optimism. We are proud to welcome Nidia and Eddie to our team.

COOL TIPS:

Continued from Page 4

health permitting.

Check your filter: Check your A/C's filter every one to two months, and keep your clothes dryer vents and lint filters clean. Dirty filters

cause your system to work harder, which wastes energy.

Take advantage of super off-peak hours: On our most popular Time-of-Use pricing plan, TOU-DR1, energy is priced lowest during the super off-peak hours of 9 p.m. to 6 a.m. on weekdays and before 2 p.m. on weekends and holidays.

BWD Board of Directors Public Forum

At its June 13 meeting, the BWD Board of Directors held a Public Forum to select the replacement for the Alternate Community Representative to the Borrego Watermaster Board. The action was needed due to the resignation of Martha Deichler, who recently resigned to pursue another opportunity to serve the Community at the Resource Center.

The method of replacing the Watermaster Board Community members is specified in the Borrego Springs Judgment that governs the administration of the Basin. Exhibit 7 states that the Borrego Springs Sponsor Group, Stewardship Council, State Parks and School District shall nominate candidates who will then participate in the Public Forum before being selected by the BWD Board. The local organizations produced two candidates, Jim Dax and Jim Wermers who graciously agreed to participate. The two names were forwarded to the BWD Board for consideration.

The BWD Board had the luxury of selecting from two well qualified candidates. In addition, each candidate supported the other in a positive way. If not selected, neither candidate would have hard feelings and would be happy seeing the other succeed.

Following a brief self-introduction and questions from the Watermaster Board Member in attendance, the Community, and BWD Board, it deliberated and selected Jim Dax. The deciding factor turned out to be the logistical but vital issue of availability on the Watermaster Board meeting dates on 2nd Thursday of each month. Jim Dax is available on that day and has consistently attended Watermaster meetings. Conversely, Jim Wermers had 3 conflicts on that day including food bank, trivia night at De Anza and one other.

Jim Dax was seated and available, if needed, for the Watermaster meeting the day following his appointment. The BWD Board/staff and community truly appreciate the efforts of both Jims in this process.

Borrego Springs, CA

PUBLIC NOTICE

Public Meeting to Discuss Borrego Springs Formerly Used Defense Sites Munitions Response Sites 03 and 05

The U.S. Army Corps of Engineers will host a public meeting on August 2, 2023, to discuss the planned activities to be conducted during the Remedial Investigation/Feasibility Study field work scheduled for the fall of 2023/2024 at the Clark Dry Lake and Borrego Military Wash sites near Borrego Springs, California.

The meeting will be an open house forum held from 6-8 p.m. at the Borrego Springs Resort and Spa, 1112 Tilting T Drive, Borrego Springs, California. The meeting will allow for the exchange of information between the Corps and the community regarding site activities.

The sites were used from 1943 to 1953 for practice bombing by both the U.S. Navy and Army. The properties were declared surplus and turned over to private ownership. In the late 1980s, most of the property was transferred to the State of California and incorporated into the Anza-Borrego Desert State Park and Ocotillo Wells State Vehicular Recreation Area.

Project-related documents are available for review at the San Diego County Library, 2580 Country Club Road, Borrego Springs, CA 92004.

BORREGO WATER DISTRICT

The 2022 Borrego Water District Consumer Confidence Report is now available at the District Office,
