

Consumer Confidence Report Certification Form

(To be submitted with a copy of the CCR)

Water System Name:	Padre Dam Municipal Water District
Water System Number:	CA3710037

The water system named above hereby certifies that its Consumer Confidence Report was distributed on 6/24/2021 to customers (and appropriate notices of availability have been given). Further, the system certifies that the information contained in the report is correct and consistent with the compliance monitoring data previously submitted to the State Water Resources Control Board, Division of Drinking Water (DDW).

Certified by:

Name: Paul Clarke	Title: Director of Operations & Water Quality
Signature: 	Date: 6/30/2021
Phone number: 619-258-4746	blank

To summarize report delivery used and good-faith efforts taken, please complete this page by checking all items that apply and fill-in where appropriate:

- ☒ CCR was distributed by mail or other direct delivery methods (attach description of other direct delivery methods used).
- ☒ CCR was distributed using electronic delivery methods described in the Guidance for Electronic Delivery of the Consumer Confidence Report (water systems utilizing electronic delivery methods must complete the second page).
- ☒ "Good faith" efforts were used to reach non-bill paying consumers. Those efforts included the following methods:
 - ☒ Posting the CCR at the following URL: www.padredam.org/2020WQR
 - ☐ Mailing the CCR to postal patrons within the service area (attach zip codes used)
 - ☐ Advertising the availability of the CCR in news media (attach copy of press release)
 - ☐ Publication of the CCR in a local newspaper of general circulation (attach a copy of the published notice, including name of newspaper and date published)
 - ☐ Posted the CCR in public places (attach a list of locations)
 - ☐ Delivery of multiple copies of CCR to single-billed addresses serving several persons, such as apartments, businesses, and schools
 - ☐ Delivery to community organizations (attach a list of organizations)
 - ☐ Publication of the CCR in the electronic city newsletter or electronic community newsletter or listserv (attach a copy of the article or notice)

- ☒ Electronic announcement of CCR availability via social media outlets (attach list of social media outlets utilized)
- ☐ Other (attach a list of other methods used)
- ☐ *For systems serving at least 100,000 persons:* Posted CCR on a publicly-accessible internet site at the following URL: www._____
- ☐ *For privately-owned utilities:* Delivered the CCR to the California Public Utilities Commission

Consumer Confidence Report Electronic Delivery Certification

Water systems utilizing electronic distribution methods for CCR delivery must complete this page by checking all items that apply and fill-in where appropriate.

- ☒ Water system mailed a notification that the CCR is available and provides a direct URL to the CCR on a publicly available website where it can be viewed (attach a copy of the mailed CCR notification). URL: www.padredam.org/2020WQR
- ☒ Water system emailed a notification that the CCR is available and provides a direct URL to the CCR on a publicly available site on the Internet where it can be viewed (attach a copy of the emailed CCR notification). URL: www.padredam.org/2020WQR
- ☐ Water system emailed the CCR as an electronic file email attachment.
- ☐ Water system emailed the CCR text and tables inserted or embedded into the body of an email, not as an attachment (attach a copy of the emailed CCR).
- ☐ *Requires prior DDW review and approval.* Water system utilized other electronic delivery method that meets the direct delivery requirement.

Provide a brief description of the water system's electronic delivery procedures and include how the water system ensures delivery to customers unable to receive electronic delivery.

Postcards were mailed to all postal customers in the Districts service area and included instructions with the required information on how to access the CCR. (Copy attached)
An email was send to all customers with an email on file. (Copy attached)
Hard copies have been mailed to customers that have requested a copy.
Copies are available in the Customer Service Center lobby (lobby will reopen to the public on July 19, 2021).
The CCR has been posted on the Districts web site, and links sent out via Facebook, Twitter and Instagram. (Copies attached)
The CCR was uploaded to the DRINC Portal on 6/29/2021

PADRE DAM
Municipal Water District

2020 Water Quality Report

Annual Water Quality Report Available Online

Padre Dam's Annual Water Quality Report provides important information on the source and quality of your drinking water. The State Water Resources Control Board Division of Drinking Water allows electronic delivery of the report. This helps Padre Dam to reduce paper consumption and minimize printing and mailing costs.

Padre Dam's 2020 Annual Water Quality Report will be available online by July 1, 2021. To learn more about your drinking water please visit:

www.padredam.org/2020WQR

The Water Quality Report is an annual report that water utilities provide to the public to raise customer awareness of the quality of their drinking water, where their drinking water comes from and the importance of protecting drinking water sources.

If you would like a paper report mailed to you, please email us at water@padre.org or call 619-258-4613. Please provide your name, address, account number and email address in your communication to us. Please respond by June 24th if you would like to receive a paper copy of the 2020 Annual Water Quality Report.

Este informe contiene información muy importante sobre su agua potable. Tradúzcalo o hable con alguien que lo entienda bien.

PADRE
DAM MUNICIPAL WATER DISTRICT

Water Quality Report Now Available

Padre Dam's mission is to provide high quality drinking water services to our customers in the most effective manner possible, earning customer and community respect. As part of this mission, Padre Dam compiles a Water Quality Report each year with information about the safety and quality of your drinking water.

[Click here to view the 2020 Water Quality Report](#)

This report is a snapshot of last year's water quality (2020) and includes details about where your water comes from, what it contains, and how it compares to State and Federal standards. In 2020, Padre Dam Municipal Water District's drinking water met or surpassed every public health requirement set by the State Water Resources Control Board Division of Drinking Water and the United States Environmental Protection Agency.

East County Advanced Water Purification Program Awarded \$388 Million Low-Interest Loan

The East County Advanced Water Purification Program received a \$388 million Water Infrastructure Finance and Innovation Act (WIFIA) loan from the U.S. Environmental Protection Agency to help finance the Program.

The low-interest loan will save ratepayers \$130 million and help create more than 2,500 jobs.

Scheduled to be complete in 2025, the East County AWP Program will create a new, local, sustainable and drought-proof drinking water supply using state-of-the-art technology to purify East San Diego County's recycled water. The Program will generate up to 11.5 million gallons per day of new drinking water—approximately 30% of current drinking water demands for East San Diego County residents.

This is the first EPA WIFIA loan awarded to the Program, the largest to a project in East San Diego County and the second-largest in all of San Diego County. The WIFIA program accelerates investment in the nation's water infrastructure by providing long-term, low-cost supplemental loans for regionally and nationally significant projects.

For more information about the Program, visit www.eastcountyawp.com or follow the Program on [Facebook](#), [Instagram](#) and [Twitter](#).
