

APPENDIX B: eCCR Certification Form (Suggested Format)

Consumer Confidence Report Certification Form

(To be submitted with a copy of the CCR)

Water System Name:	Pacific Gas & Electric Company
Water System Number:	CA4000589

The water system named above hereby certifies that its Consumer Confidence Report was distributed on 6/24/2025 (date) to customers (and appropriate notices of availability have been given). Further, the system certifies that the information contained in the report is correct and consistent with the compliance monitoring data previously submitted to the State Water Resources Control Board, Division of Drinking Water (DDW).

Certified by:

Name: David Alvarado	Title: Senior Chemical Engineer
Signature: 	Date: 6/26/2025
Phone number: (805) 545-3262	blank

To summarize report delivery used and good-faith efforts taken, please complete this page by checking all items that apply and fill-in where appropriate:

- ☐ CCR was distributed by mail or other direct delivery methods (attach description of other direct delivery methods used).
- ☒ CCR was distributed using electronic delivery methods described in the Guidance for Electronic Delivery of the Consumer Confidence Report (water systems utilizing electronic delivery methods must complete the second page).
- ☐ "Good faith" efforts were used to reach non-bill paying consumers. Those efforts included the following methods:
 - ☐ Posting the CCR at the following URL: www.
 - ☐ Mailing the CCR to postal patrons within the service area (attach zip codes used)
 - ☐ Advertising the availability of the CCR in news media (attach copy of press release)
 - ☐ Publication of the CCR in a local newspaper of general circulation (attach a copy of the published notice, including name of newspaper and date published)
 - ☐ Posted the CCR in public places (attach a list of locations)

- ☐ Delivery of multiple copies of CCR to single-billed addresses serving several persons, such as apartments, businesses, and schools
- ☐ Delivery to community organizations (attach a list of organizations)
- ☐ Publication of the CCR in the electronic city newsletter or electronic community newsletter or listserv (attach a copy of the article or notice)
- ☐ Electronic announcement of CCR availability via social media outlets (attach list of social media outlets utilized)
- ☐ Other (attach a list of other methods used)
- ☐ *For systems serving at least 100,000 persons:* Posted CCR on a publicly-accessible internet site at the following URL: www._____
- ☐ *For privately-owned utilities:* Delivered the CCR to the California Public Utilities Commission

Consumer Confidence Report Electronic Delivery Certification

Water systems utilizing electronic distribution methods for CCR delivery must complete this page by checking all items that apply and fill-in where appropriate.

- ☐ Water system mailed a notification that the CCR is available and provides a direct URL to the CCR on a publicly available website where it can be viewed (attach a copy of the mailed CCR notification). URL: www._____
- ☒ Water system emailed a notification that the CCR is available and provides a direct URL to the CCR on a publicly available site on the Internet where it can be viewed (attach a copy of the emailed CCR notification). URL: www.https://contactmonkey.com/api/v1/tracker?cm_session=eafdf3d1-dbeb-4b14-924b-6d71cdc720ed&cs=f1927075-1b57-4fac-8190-c7b594d3735e&i=3f82b235088e60aa52a204160b8c2489619742e36&cls=c677a91c-6105-4f16-8890-ae747a36bfb&cm_type=link&cm_link=e20b6194-e52a-49d9-95a3-d63abccfd1c5&cm_destination=https://pge.sharepoint.com/:b:/r/DCPPCommunications/2025/06%20June/2024%20DCPP%20CCR.pdf?csf=1&web=1&e=u0UzyW
- ☐ Water system emailed the CCR as an electronic file email attachment.
- ☐ Water system emailed the CCR text and tables inserted or embedded into the body of an email, not as an attachment (attach a copy of the emailed CCR).
- ☐ *Requires prior DDW review and approval.* Water system utilized other electronic delivery method that meets the direct delivery requirement.

Provide a brief description of the water system's electronic delivery procedures and include how the water system ensures delivery to customers unable to receive electronic delivery.

All personnel on site receive an email from our communications group on Tuesday and
Thursday called the Power Up. The Power Up on 6/24/2025 and 6/26/2025 contained
the CCR statement and the link on the intranet. This is publicly available to all personnel
on site.

This form is provided as a convenience and may be used to meet the certification requirement of section 64483(c) of the California Code of Regulations.

Power Up - Tuesday, June 24, 2025

NRC: DCPD Meets Environmental Standards to Operate for 20 More Years

TUESDAY, JUNE 24, 2025

The NRC issued its final [Supplemental Environmental Impact Statement \(SEIS\)](#) on Friday, June 20, which states Diablo Canyon has met all the environmental requirements for an additional 20 years of operations. The SEIS is the culmination of almost two years of detailed NRC technical reviews and audits, including consultation with the U.S. Fish and Wildlife Service and the National Marine Fisheries Service, and an extensive public comment period. The conclusion of this report is further proof of Diablo Canyon's outstanding commitment to land and marine life stewardship. **Maureen Zawalick**, VP of Business and Technical Services, has a message for the team below:

Props for Proficiency: Chad Taylor Elevates Supply Chain's Foundational Proficiency With T&L

Chad Taylor, Supply Chain Analyst, was given Props for Proficiency by **Kristin Zaitz** for his “teach to fish” approach with a teaching and learning (T&L) opportunity—using benchmarking insights to build foundational proficiency across the team. Chad received this DCPP food jar in recognition of his contributions. Share examples of Proficiency you observe or demonstrate by scanning the QR code, and you can win DCPP swag like Chad! [Click here](#) to find out more on Chad's T&L opportunity.

2R25 'Everyone Has an Outage Job' Positions

The Diablo Canyon 2R25 Refueling Outage is scheduled to begin on **Oct. 5, 2025**. We are currently tracking 7 vacancies. Please reach out to the contact included in the document linked below if you are interested in supporting the 2R25 EHOJ program.

2R25 Open Positions

Attn: Diablo Canyon IBEW Bargaining Unit Employees

Outage Management is looking for permanent IBEW employees who are working in support organizations to fill temporary bargaining unit outage job openings in 2R25 (per the Letter of Agreement No. R1-07-54-PGE dated December 4, 2007). Please direct questions and comments to **Gia Milbrandt** at 4567.

Available positions and instructions

With Gratitude: Longtime DCPD Firefighter Ivan Wimberly to Retire Tomorrow After Distinguished 37-Year Career

Ivan Wimberly served Diablo Canyon with distinction for nearly four decades in several different roles, including 27 years as a DCPD Firefighter. His last day will be Wednesday, June 25.

"We are thankful for the contributions, accomplishments, and your impeccable service to DCPD, and the Fire Department," said **Keith Aggson**, Diablo Canyon Fire Manager/Chief.

[Read more](#) about Ivan's career and view photos from his time at DCPD. Here is [Ivan's retirement E-card](#). Join us in thanking Ivan for many decades of dedicated service to the station and congratulating him on his much-deserved retirement!

Diablo Canyon Organizational Structure Changes

SVP and Chief Nuclear Officer **Paula Gerfen** has announced several organizational changes. In support of our continued efforts to enhance the effectiveness of our organization, some changes have been implemented at the station. As an industry best practice, and historically here at DCP, Outage Management and Daily Work Control have been managed together in one department. This structure creates synergy by consolidating all scoping and scheduling efforts for the station under a single team and unified leadership.

With that, **Erik Werner** will now be Director of Work Management and oversee the efforts of both teams. **Jared Smith**, Work Control Manager, and his team of Work Week Managers, Daily Schedulers, and Shop Coordinators will now report directly to Erik. The Maintenance Procedures group under **Mark Zentmyer** will remain under the Maintenance Department and report to **Ray Robins**, along with the Maintenance Planning Department.

Along with this change, in the coming weeks, Maintenance will continue to build out their department leadership team, aligning manager leads for each shop. **Kristin Smith**, currently serving as Outage Manager, will move to the Maintenance Department. She will join **Ken Pazdan**, and a new Maintenance Manager that will soon be posted, to oversee the various Maintenance shops under Maintenance Director **Mike Brass**. The specific shops will be determined later once the third and final manager is selected. Please support this team as we work to put in effect these organizational changes, which will further strengthen DCP's safe and reliable operations.

Champions Among Us: Two DCP Coworkers Win PG&E Champion Awards!

Congratulations to **Adam Pasion**, Strategy and Engagement Business Operations Specialist, and **Michael Wagoner**, Nuclear Project Services Supervisor, well-deserved recipients of **2025 PG&E Champion Awards!**

Adam was selected as this year's Robert L. Harris Inclusion and Belonging Award winner for his tireless work to drive strategy and meaningful actions to increase coworker belonging as the station's Inclusion & Belonging Champion.

Michael won the Frederick W. Mielke Jr. Award for Outstanding Community Service for [piloting volunteer flights](#) saving shelter animals and helping people in need.

Winners will be honored at a ceremony in San Ramon on **July 9 at 1100**. Coworkers will be able to watch via [Microsoft Teams](#). Read this [message from Paula Gerfen](#).

In Case You Missed It: Lunch & Learn Replay

We recorded the June 18 virtual Waste Elimination Lunch & Learn led by **Tom Baldwin**. Click on the arrow below to view the video replay.

The screenshot shows a Microsoft Teams meeting interface. The main window displays a presentation slide titled "Waste Elimination Zombie Hunting Challenge". The slide features a cartoon zombie character on the left and a list of bullet points on the right. A large blue play button is overlaid on the slide. The right sidebar shows a list of participants, including Tom Baldwin, Hebert, Downing, Garcia, Green, Coffman, Rogers, Loo, Harling, Cannady, and Fickel. The bottom of the screen shows the Windows taskbar with various application icons.

Waste Elimination Zombie Hunting Challenge

Let's have some fun hunting Zombies!

- Savings should come in the form of time and are those things that are killing your Joy at Work
- Submit ideas with "Zombie" in the title. If you want to implement your idea, please discuss it with your leader **before submitting**
- Tom Baldwin will select up to 3 Zombie Hunters monthly to receive prizes

DLR Change-out Instructions

To start the new DLR (Dosimeter of Legal Record) issue period (second issue period of 2025), the DLR racks will be placed in the Admin Building entrance, as has been done in the past. These DLRs will not work until July 1, at 00:00. Your first period DLRs will no longer work for entry after July 1. When swapping your DLR, please put your first period DLR in the provided drop box.

If you do not routinely enter the RCA, leave your DLR on the rack. It will be transferred to the annex for you.

As of Jan. 1, 2025, DLRs are no longer taken home or stored at your desk, locker, etc. Rather, the new standard is to pick up your DLR from the DLR annex when entering the protected area and return it to the DLR annex when leaving the protected area. Taking your DLR home or storing it at your desk once the DLR annex is in service does not meet expectations.

Your DLR is stored in the slot above the key card number. An example of the rack and a DLR in storage is provided here. The DLR being stored belongs to key card number 651.

Please direct questions to: **Lance Million** x3488 or **Rick Treinen** x6481.

Electrical Safety Rubber Glove Change-Out Reminder

Please be aware that the rubber glove change-out for electrical safety began on Monday, June 23, and will continue into July. Because your current rubber gloves expire at the end of the month, it is crucial that you participate in the change-out process to ensure your safety. To replace your gloves, please visit the 85-foot and 64-foot RCA tool rooms. Questions? Contact **Doug Willis** at x3351.

2024 Domestic Water Consumer Confidence Report

Diablo Canyon's domestic water is produced onsite under contract by Veolia Water Technologies and Solutions from the desalination plant which is purified through reverse osmosis. The Veolia water plant also produces makeup water for DCPD systems. Chemistry monitors the domestic water to confirm that the water quality at your locations meets all applicable state and federal limits, to coordinate implementation of engineering controls, to support system improvements where appropriate and address any concerns that are raised from plant personnel.

The attached [Domestic Water Quality Report](#) (Consumer Confidence Report) for 2024 reflects the results from the routine sampling that is performed during the last calendar year, 2024. Please contact **David Alvarado** in DCPD Chemistry at (805) 545-3262 or (805) 748-0905 if you have any questions regarding the CCR or any other domestic / drinking water issues. If any person would like a paper version of this Consumer Confidence Report, please contact David at (805) 545-3262 or d2a1@pge.com.

2025 Procedure Sponsor Training

Procedure sponsor training is required for employees pursuing the procedure sponsor qualification (TPROC). Classes for 2025 have been scheduled as follows:

June 25	0700 - 1100
September 10	0700 - 1100
December 10	0700 - 1100

Enrollment is available via "My Learning" (search for course code TPROQUAL). Read the requirements [here](#). Contact **Kelly Robinson** (KNHI) if you have questions regarding training.

Diablo Canyon's Juneteenth Event

DCPP commemorated Juneteenth last week at our event, ***Words & Flavors of Freedom***, a celebration of the Juneteenth holiday hosted by DCPP Inclusion and Belonging (I&B) Ambassador **Renoda Campbell**. All were encouraged to ask questions, explore traditions, and discover the meaning behind the federal holiday, the symbols of the special flag, and try culinary treats. They were also encouraged to submit quotes, phrases, and personal thoughts about freedom, justice, or equality that resonated with them.

■ IN CASE YOU MISSED IT

Debi Robertson Retiring After 47 Years of Dedicated Service

Debi Robertson, Nuclear Scheduler, Sr Advising, is retiring on June 30, after more than four decades at DCP. Throughout her career, Debi has made a lasting impact through her professionalism, deep knowledge of the plant, and strong relationships across departments. Her contributions have supported countless work management initiatives, and her presence will certainly be missed. [Read more](#) about Debi's DCP memories and retirement plans. [Read a special message](#) to Debi from **David De La Cruz**.

A New Way to Pitch in for a Cleaner DCP

While walking at lunchtime during 1R25, **Ninah Hartley** and **Heather Hoff** noticed a huge uptick in trash onsite. Rather than ignoring the litter, Ninah and Heather, along with **Amy Schultz** and **Chanel DeRosier**, picked up the cigarettes, ear plugs, plastic flossers, zip ties, chip bags, gloves, and signs with their bare hands, but quickly ran out of room. They started bringing work gloves and bags on their walks, but they wanted to make it easier for everyone to pitch in. That's when they came up with the idea to stage trash bag dispensers along the Up and Atom and Gigawalk walking loops. They reached out to **Lindsey Miller** who ordered the dispensers and worked with Facilities to have them installed.

"It is my sincere hope that my fellow employees, once aware of these dispensers, make use of them to ensure we keep DCP a clean and beautiful place to work," Ninah said.
