Hi Everyone,

Every year the Skylonda Mutual Water Company (and all other California water companies) is required to provide a summary of the water quality information we have collected over the year in the form of the annual Consumer Confidence Report. The 2021 report is now available on our web site at

<https://skylondawater.com/waterquality.html>

You will find two reports for 2021. Currently all of the water provided by the Skylonda Mutual system is purchased from Cal Water. The Cal Water Bear Gulch Customer Confidence Report has the information related to the quality of the drinking water as purchased from Cal Water. The Skylonda Mutual Water Quality Report contains the water quality information that is specific to our distribution system and the information about our standby water sources.

Please let us know if you have any questions.

John Carnes
Board President, Skylonda Mutual Water Company
