Team Skylawn,

As many of you know, our water comes from an underground well located on a remote portion of our property. We have a professional water testing and inspection company test and treat our water regularly to ensure it is safe to drink. As part of this process, we complete an annual report showing the testing results for our water system, and this report is submitted to you, and the state of California. Please see attached our annual Consumer Confidence Report. If you have any questions, please see me and I'd be happy to answer.

Copies of this report are located at the front desk, and at the regional office as well.

Regards,

Richard
