

APPENDIX F: Certification Form (Suggested Format)

Consumer Confidence Report

Certification Form

(to be submitted with a copy of the CCR)

(To certify electronic delivery of the CCR, use the certification form on the State Water Board's website at

http://www.swrcb.ca.gov/drinking_water/certlic/drinkingwater/CCR.shtml)

Water System Name:	City of Burlingame
Water System Number:	4110003

The water system named above hereby certifies that its Consumer Confidence Report was distributed on **06/15/2022** to customers (and appropriate notices of availability have been given). Further, the system certifies that the information contained in the report is correct and consistent with the compliance monitoring data previously submitted to the State Water Resources Control Board, Division of Drinking Water.

Certified by:	Name:	Sam Johnson	
	Signature:		
	Title:	Water Quality Supervisor	
	Phone Number:	(650) 558-7687	Date: 07/06/2022

To summarize report delivery used and good-faith efforts taken, please complete the below by checking all items that apply and fill-in where appropriate:

- ☐ CCR was distributed by mail or other direct delivery methods. Specify other direct delivery methods used: _____
-
- ☒ "Good faith" efforts were used to reach non-bill paying consumers. Those efforts included the following methods:
- ☒ Posting the CCR on the Internet at www.burlingame.org/waterquality_____
 - ☐ Mailing the CCR to postal patrons within the service area (attach zip codes used)
 - ☒ Advertising the availability of the CCR in news media (attach copy of press release)
 - ☐ Publication of the CCR in a local newspaper of general circulation (attach a copy of the published notice, including name of newspaper and date published)
 - ☒ Posted the CCR in public places (attach a list of locations)
 - ☐ Delivery of multiple copies of CCR to single-billed addresses serving several persons, such as apartments, businesses, and schools
 - ☐ Delivery to community organizations (attach a list of organizations)

- ☐ Other (attach a list of other methods used)
- ☐ For systems serving at least 100,000 persons: Posted CCR on a publicly-accessible internet site at the following address: www._____
- ☐ For investor-owned utilities: Delivered the CCR to the California Public Utilities Commission

The City of Burlingame has provided its residents numerous ways to receive and view the 2021 Consumer Confidence Report. The City has sent out postcards to all residents within its service area that includes a URL to view the report and phone number for residents to request a hard copy or a translation of the report in another language. The City has included a brief paragraph describing the release of the 2021 CCR and how to read it online in the City's electronic newsletter, Facebook Profile, Instagram page, and Nextdoor account, these outreach methods include over 12,000 water customers. Hard copies were placed at City facilities, which include the Public Works Corporation Yard, City Hall, Finance Department, and City Hall Engineering Division. Please see attached for examples of the CCR announcement in various social media outlets and the electronic newsletter.

This form is provided as a convenience for use to meet the certification requirement of the California Code of Regulations, section 64483(c)

eCCR Certification Form Attachment

"Good faith" efforts were used to reach non-bill paying consumers. Those efforts included the following methods:

- Posted the CCR in public places

Burlingame City Hall – Finance Department 501 Primrose Road, First Floor, Burlingame, CA 94010
Burlingame City Hall – Engineering Division 501 Primrose Road, Second Floor, Burlingame, CA 94010
Burlingame Corporation Yard 1361 N. Carolan Avenue, Burlingame, CA 94010

- Publication of the CCR in the electronic city newsletter or electronic community newsletter or listserv (attach a copy of the article or notice)
 - Burlingame eNews, see attached copy
- Electronic announcement of CCR availability via social media outlets (attach list of social media outlets utilized)
 - Twitter, see attached copy
 - Facebook, see attached copy
 - Instagram, see attached copy
- Water system mailed a notification that the CCR is available and provides a direct URL to the CCR on a publicly available website where it can be viewed (attach a copy of the mailed CCR notification).
 - CCR Postcard, see attached copy

4th of July Fire Safety

Although fireworks are a 4th of July tradition, remember that all fireworks are illegal throughout Burlingame. Fireworks can accidentally start fires and destroy property, so please help keep our community fire safe. Celebrate the country's independence in fire safe ways, without using fireworks!

2021 Water Quality Report Released

The City of Burlingame is pleased to present the [2021 Water Quality Report](#). This report provides important information about where the City's water comes from, how it is treated to ensure it is top quality, and the results of water quality monitoring by the City of Burlingame and the San Francisco Public Utilities Commission. [Click here to read the report.](#)

If you would like a paper copy of this report, or if you have any questions concerning the City of Burlingame's water distribution system, please call the Public Works Corporation Yard at 650-558-7670.

Summer Learning Challenge at the Burlingame Public Library

Have your kids take the Summer Learning Challenge at the Burlingame Public Library to ensure that they stay in the reading loop. This year's theme is *A Summer to Explore*. Children and teens each get a free book when they pick up their first reading log. All children and teens finishing the program have a chance to win a \$1,000 college scholarship. Children receive another free book when they finish the program and teens receive a \$10 Barnes and Noble gift card. Kids can also play book bingo for a chance to win the big stuffed wolf!

For information on other prizes and programs at the Library, visit our website at www.burlingame.org/library

Spare the Air Season

Keep an eye out for [Spare the Air](#) Days, during which high levels of smog are expected, due to the combination of warm weather and emissions. High levels of ozone pollution are harmful to breathe, especially for children, seniors, and people with respiratory and heart conditions.

During Spare the Air Days, it is recommended that you limit outdoor activities and help improve air quality by driving less and avoiding use of landscape equipment.

Sign up to receive air alerts [here](#).

Notice of Fuel Reduction in Mills Canyon

The City of Burlingame Parks and Recreation Department has partnered with CAL FIRE work crews to reduce the fuel load in Mills Canyon. Work is scheduled for every Wednesday and Thursday in June. The crew will be removing dead vegetation, low branches, invasive species, and other materials that significantly contribute to the fuel load. On these dates, the Ed Taylor Loop Trail will be closed from 9:00 a.m. - 3:00 p.m. Please do not record, photograph, or speak to the work crews while they are working. If you wish to speak to someone on-site, please speak to City staff that are on-site or the CAL FIRE Captain.

You may also contact Richard Holtz at rholtz@burlingame.org for more information.

Thank you for your understanding as the City works to improve the safety of Mills Canyon.

TherActivist: They/Them/Theirs

Thursday, June 23rd, 7:00 p.m. - 8:15 p.m.

Join us to watch a special documentary and talk with filmmakers Dana TherActivist Johnson and Dr. Khalid White.

Menlo Park, Burlingame, and San Mateo Libraries are teaming up to present this short film exploring identity, intersectionality, trans visibility, allyship, social justice, diversity, equity, and inclusion. In TherActivist, Dana Johnson shares their life experiences and their therapeutic activism approach in servicing and empowering people of color, LGBTQ+ communities, and marginalized populations. Recommended for ages 16+.

This program will take place on Zoom. To register, please [click here](https://tinyurl.com/2p834vtp).

Burlingame Shred-Only Event

Saturday, June 25 - 9:00 a.m. - 12:00 p.m. - Parking Lot O

Only Burlingame residents may attend this on-site, secure shredding event. Each household may bring a MAXIMUM of 3 standard size banker boxes (10"x 12"x 15"). The Shred-Only event will last until the time listed or until the truck is full, whichever comes first.

This is a Shred-Only event. Electronic waste recycling is available at the Shoreway Environmental Center in San Carlos year-round. Visit the Shoreway Public Recycling Center webpage for details on how to drop off e-waste items for free.

THE CITIZENS ENVIRONMENTAL COUNCIL
PRESENTS

Save Water with Rain Barrels

Wednesday, July 6
6:30 p.m. to 8:00 p.m.
Lane Room at Burlingame Main Library

Register online via Zoom

BAWSCA
Bay Area Water Supply & Conservation Agency

Demystify Rainwater Harvesting

Wednesday, July 6 - 6:30 p.m. - 8:00 p.m.

Did you know that a 1,000-square-foot roof can capture over 600 gallons of water from just 1 inch of rain? Burlingame residents get an average of 21 inches of rain per year. That's a harvesting potential of over 13,000 gallons of water!

You can learn all you need to know about water-harvesting systems at the Citizens Environmental Council's program, "**Save Water with Rain Barrels**" on **Wednesday, July 6**, from 6:30 to 8:00 p.m. The program is cosponsored by the City of Burlingame and the Bay Area Water Supply and Conservation Agency (BAWSCA).

BAWSCA is donating a 55-gallon rain barrel, valued at \$100, for a free drawing that will be offered during the program. Everyone attending will be eligible. The program, which features rainwater harvesting specialist Chris Corvetti, will be held in the Lane Room at the Burlingame Library at 480 Primrose Road in Burlingame. Admission is free. Advance registration is requested. To register, click [here](#).

Chris will explain the basics of different rainwater harvesting systems and how to incorporate them into your landscaping. She'll also discuss the environmental impact of

water-saving systems, rebates currently offered in this area, and all the requirements to install one yourself. There will be ample time for questions and answers.

The program is timely because Burlingame residents are eligible for a rebate of up to \$200 on rain barrels through June 30, 2023. Details are available [here](#).

Upon completion of her Peace Corps service in Mongolia, Chris moved to California as a member of the AmeriCorps Watershed Stewards Program, where she delved into issues surrounding water conservation specific to the Bay Area. Since the end of her AmeriCorps service in 2017, Chris has helped numerous nonprofits and communities install rainwater harvesting systems throughout the Bay Area. she has led workshops with local organizations, including BAWSCA, Flows to Bay, and Grassroots Ecology.

The Citizens Environmental Council's mission is to champion regional sustainability through education, advocate for environmental and climate policies, and empower young environmental leaders. For more information, visit cecburlingame.org or email info@cecburlingame.org

The Fresh Market! Thursdays Are Back!

Sundays, 9:00 a.m. - 1:00 p.m.

Thursdays, 3:00 p.m. - 7:00 p.m.

Park Road at Burlingame Avenue

Please continue to follow these important tips for shopping the Fresh Market:

- **Leave your pets at home, please.** By order of the San Mateo County Health Department, **no dogs are allowed** in Burlingame's Fresh Market.
- Come to the market in good health; please stay home if unwell.
- Wash hands/ refrain from touching your face.
- Wash all produce before consumption.

For more information, visit burlingamechamber.org.

Community Updates (events/info. not sponsored by the City of Burlingame)

Filoli's New Exhibit

Wondering about water? With a drought looming and State water restrictions now in effect, Filoli's new exhibit [*Blue Gold: The Power and Privilege of Water*](#) tells the timely story of our region's long history with water challenges and presents a hopeful look toward the future of sustainability. Visit and learn how you can implement new changes like low water plants, water wise irrigation, and different gardening practices!

Support BCE

For more than 40 years, the Burlingame community has been supporting our community's youngest learners with an annual grant of funds through the Burlingame Community for Education Foundation (BCE). That tradition continues and the need is greater than ever.

This year, we still need to raise funds by June 30 to meet our community's goal of providing \$2.65 million to the Burlingame School District! This grant will fully fund 20 teacher salaries AND paid training for ALL of our teachers, which is approximately 1.67% of all BSD teacher salaries combined, for next year.

Every dollar counts, and your participation is valued at any level.

Did you know that approximately 17% of our 3,300 students, approximately 560 local students, live in socio-economically disadvantaged households? These families are not financially able to contribute. You can help support these students and fill this **profound unmet local need**. Make an enduring, powerful impact locally. [Donate here](#).

Sign up for regular BCE updates at <https://www.bcefoundation.org/subscribe-newsletter>

Free Program Features
Earthquake Expert

**Wednesday, June 29 - 7:00 p.m. -
8:00 p.m.**

Authorities say that there is a high likelihood of an earthquake as large as or larger than the 1989 Loma Prieta earthquake in the next 30 years. How will it impact San Mateo County? What can you do to reduce damage to your home?

One of the U.S. Geological Survey's (USGS) foremost experts on earthquakes will answer those questions and others on **Wednesday, June 29**, from 7 to 8 p.m., during a free program called, "**Because It Will Happen Here: The Local Impact of a Major Quake,**" presented by the [Burlingame Neighborhood Network](#). The program will be held on Zoom.

Tom Brocher, who served as Director of the Earthquake Science Center at USGS, will describe how a large earthquake might impact neighborhoods in Burlingame and San Mateo County, as well as the latest forecast updates and alert systems. He'll also offer recommendations for minimizing injuries during a quake and how to prepare your home to withstand a shaker.

Introducing Ridwell

Ridwell, a Seattle based recycling company looking to expand in the Bay Area, is creating solutions for hard to recycle items like plastic film and textiles. Ridwell picks-up items that can't be placed in curbside recycling and works with local and regional partners to reuse or recycle them. Items like plastic bags and old clothing that may go to the garbage and landfill are instead diverted by Ridwell.

Ridwell is currently operating in Portland, Austin, Denver, Minneapolis, and Seattle. Their members have diverted over 5 million pounds of waste from landfills so far. Join the WAITLIST to let them know we want them in the Bay Area or reach out to Karen, the local Community Launcher, with questions about the service or launch dates at karen.noryko@ridwell.com
