VANDENBERG SPACE FORCE BASE — Members of Team Vandenberg gathered at the Pacific Coast Club today to celebrate Space Launch Delta 30's 2nd birthday.

United States Space Force Maj. Gen. Douglas A. Schluss, Combined Force Space Component Command (CFSCC) commander, United States Space Force Col. Robert Long, Space Launch Delta 30 commander, and United States Space Force Chief Master Sgt. Heath Jennings, Space Launch Delta 30 senior enlisted leader, performed the ceremonial cake-cutting for the event.

During his remarks, Col. Long expressed appreciation for the members of SLD 30 and reminded them about the crucial role they play in national security. He highlighted that the base conducted 19 launches in 2022, which were the most at the base in 26 years, and that this year over 30 launches are scheduled.

Each year, American Water at Vandenberg Space Force Base produces a Water Quality Report to let customers know how our water quality stacks up against established federal and state drinking water standards. We encourage you to review this report, because it provides details about the source and quality of the drinking water delivered to your community.

In an effort to be more environmentally responsible, instead of printing the report, your water quality report can be viewed online at: www.amwater.com/cof/vandenbergfb.pdf. For a paper copy, please print one directly from our website or contact American Water Vandenberg Space Force Base at 805-734-0043.

QUALITY. ONE MORE WAY WE KEEP LIFE FLOWING.
