

Consumer Confidence Report Certification Form 2022

Water System Name:	PureSource Water, Inc.
Water System Number:	CA4400598

The water system named above hereby certifies that its Consumer Confidence Report was distributed between May 30 and June 5, 2023 to customers (and appropriate notices of availability have been given). Further, the system certifies that the information contained in the report is correct and consistent with the compliance monitoring data previously submitted to the State Water Resources Control Board, Division of Drinking Water (DDW).

Certified by:

Name: Martin Mills	Title: Owner/Operator
Signature:	Date: 6/5/23
	Phone number: 831-688-8476

To summarize report delivery used and good-faith efforts taken, please complete this page by checking all items that apply and fill-in where appropriate:

- ☒ CCR was distributed by mail or other direct delivery methods (attach description of other direct delivery methods used).
- ☒ CCR was distributed using electronic delivery methods described in the Guidance for Electronic Delivery of the Consumer Confidence Report (water systems utilizing electronic delivery methods must complete the second page).
- ☒ "Good faith" efforts were used to reach non-bill paying consumers. Those efforts included the following methods:
 - ☒ Posting the CCR at the following URL:
<https://www.psh2o.com/2022-consumer-confidence-report/>
 - and on the state water board website at URL:
<https://ear.waterboards.ca.gov/Home/ViewCCR?PwsID=CA4400598&Year=2022&isCert=false>
 - ☐ Mailing the CCR to postal patrons within the service area (attach zip codes used)
 - ☐ Advertising the availability of the CCR in news media (attach copy of press release)
 - ☐ Publication of the CCR in a local newspaper of general circulation (attach a copy of the published notice, including name of newspaper and date published)
 - ☐ Posted the CCR in public places (attach a list of locations)
 - ☐ Delivery of multiple copies of CCR to single-billed addresses serving several persons, such as apartments, businesses, and schools
 - ☐ Delivery to community organizations (attach a list of organizations)
 - ☐ Publication of the CCR in the electronic city newsletter or electronic community newsletter or listserv (attach a copy of the article or notice)

- ☐ Electronic announcement of CCR availability via social media outlets (attach list of social media outlets utilized)
- ☒ Other (attach a list of other methods used)
[Mailed a CCR notice of availability, via USPS, to tenants in cases where landlord pays the water bill](#)
- ☐ For systems serving at least 100,000 persons: Posted CCR on a publicly-accessible internet site at the following URL: www._____
- ☒ For privately-owned utilities: Delivered the CCR to the California Public Utilities Commission

Consumer Confidence Report Electronic Delivery Certification

Water systems utilizing electronic distribution methods for CCR delivery must complete this page by checking all items that apply and fill-in where appropriate.

- ☒ Water system mailed a notification that the CCR is available and provides a direct URL to the CCR on a publicly available website where it can be viewed (attach a copy of the mailed CCR notification). URL:
<https://ear.waterboards.ca.gov/Home/ViewCCR?PwsID=CA4400598&Year=2021&isCert=false>
 and on the water system website: <https://www.psh2o.com/2022-consumer-confidence-report/>
- ☒ Water system emailed a notification that the CCR is available and provides a direct URL to the CCR on a publicly available site on the Internet where it can be viewed (attach a copy of the emailed CCR notification).
 URL:
<https://ear.waterboards.ca.gov/Home/ViewCCR?PwsID=CA4400598&Year=2021&isCert=false>
 and on the water system website: <https://www.psh2o.com/2022-consumer-confidence-report/>
- ☐ Water system emailed the CCR as an electronic file email attachment.
- ☐ Water system emailed the CCR text and tables inserted or embedded into the body of an email, not as an attachment (attach a copy of the emailed CCR).
- ☐ *Requires prior DDW review and approval.* Water system utilized other electronic delivery method that meets the direct delivery requirement.

Provide a brief description of the water system's electronic delivery procedures and include how the water system ensures delivery to customers unable to receive electronic delivery.

PureSource sent an email announcement, with a direct URL to the CCR, to all customers, property owners and tenants for whom we have email addresses. To ensure delivery to customers unable to receive electronic delivery, PureSource also provided a direct URL to the CCR on the newsletter which was mailed, and emailed, to all customers, property owners and tenants. Both the email announcement and the newsletter inform readers that the CCR is posted on our website, and that they may call, write, or email to request a paper copy of the Consumer Confidence Report.

2022 Consumer Confidence Report is available.

This report, assembled annually, describes the results of the water testing we conduct as required by State and Federal regulations.

In order to save printing and mailing costs the report is available at

<https://ear.waterboards.ca.gov/Home/ViewCCR?PwsID=CA4400598&Year=2022&isCert=false>

The CCR is also posted on our website.

Summer 2023

Volume 10, Issue 2

2022 Consumer Confidence Report Available

This report (CCR), assembled annually, describes the results of the water testing we conduct as required by State and Federal regulations. We are pleased to report that once again, your tap water met all U.S. EPA and State drinking water health standards.

If you would like to receive a paper or emailed copy of the report please email or call us: Accounts@psh2o.com or 831-688-8476.

The CCR is available at:

<https://ear.waterboards.ca.gov/Home/ViewCCR?PwsID=CA4400598&Year=2022&isCert=false>

The CCR is also posted on our website:

Outdoor Summer Spaces

As you get ready to enjoy the outdoors this summer, here are some things to make your yard more sustainable, fire resistant, and use less water.

Use organic mulch to reduce weeds, promote healthy soil, and save water.

Replace your old watering system with a "Smart" system, and/or use a soil moisture meter to prevent over/under watering. Check your watering system regularly.

Replace grass with stone, decorative gravel, native perennial ground covers and flowering native plants to attract butterflies and other pollinators.

Install a rain barrel to capture rainfall in the winter to use for some watering in your garden during the summer.

Change Your Faucets, Aerators, and Shower Heads

Faucets, Aerators, and Shower Heads! Oh My!

A showerhead that leaks 10 drips per minute can waste more than 500 gallons of water a year!

Replacing old, inefficient faucets, aerators, and shower heads with WaterSense labeled models can save the average family over 700 gallons of water per year, equal to the amount of water needed to take 40 showers.

You don't even need to replace the faucet, just installing an aerator can save over 1 gallon of water per person per day!
