The Consumer Confidence Report, or CCR, is an annual water quality report that the Safe Drinking Water Act (SDWA) requires Lake Shastina Community Services District to provide to you. The purpose of the CCR is to raise customer's awareness of the quality of their drinking water, where their drinking water comes from, what it takes to deliver water to their homes, and the importance of protecting drinking water sources.

In recent years, Lake Shastina Community Services District has mailed its customers a printed copy of the CCR to comply with the SDWA.

On February 21, 2013, the California Department of Public Health expanded its interpretation of the SDWA to allow for electronic delivery of the CCR. The electronic delivery method will allow Lake Shastina Community Services District to reduce the consumption of paper and minimize potential printing and mailing costs.
