Water systems utilizing electronic distribution methods for CCR delivery must complete this page by checking all items that apply and fill-in where appropriate.

- ☐ Water system mailed a notification that the CCR is available and provides a direct URL to the CCR on a publicly available website where it can be viewed (attach a copy of the mailed CCR notification). URL: www._____
- ☐ Water system emailed a notification that the CCR is available and provides a direct URL to the CCR on a publicly available site on the Internet where it can be viewed (attach a copy of the emailed CCR notification). URL: www._____
- ☒ Water system emailed the CCR as an electronic file email attachment.
- ☐ Water system emailed the CCR text and tables inserted or embedded into the body of an email, not as an attachment (attach a copy of the emailed CCR).
- ☐ *Requires prior DDW review and approval.* Water system utilized other electronic delivery method that meets the direct delivery requirement.

Provide a brief description of the water system's electronic delivery procedures and include how the water system ensures delivery to customers unable to receive electronic delivery.

The primary users of this water system are employees of the Stanislaus National Forest who work out of the Groveland Ranger Station and/or reside at the barracks at this site.
The CCR was emailed as an attachment to all employees who are assigned to this

office. Additionally, the CCR was shared with the operators of the campground, "The Pines", which is located at this site and utilizes water from the same well. Lastly, copies of the CCR were printed out and posted on bulletin boards around the site, including as the main office and visitor center.

This form is provided as a convenience and may be used to meet the certification requirement of section 64483(c) of the California Code of Regulations.
