

Consumer Confidence Report Certification Form

(To be submitted with a copy of the CCR)

Water System Name: CITY OF CAMARILLO

Water System Number: CA5610019

The water system named above hereby certifies that its Consumer Confidence Report was distributed on June 2020 to customers (and appropriate notices of availability have been given). Further, the system certifies that the information contained in the report is correct and consistent with the compliance monitoring data previously submitted to the State Water Resources Control Board, Division of Drinking Water (DDW).

Certified by: Name: DALE REYNOLDS
Signature: 
Title: WATER SUPERINTENDENT
Phone Number: (805) 388-5373 Date: 8-12-20

To summarize report delivery used and good-faith efforts taken, please complete this page by checking all items that apply and fill-in where appropriate:

- ☐ CCR was distributed by mail or other direct delivery methods (attach description of other direct delivery methods used).
- ☐ CCR was distributed using electronic delivery methods described in the Guidance for Electronic Delivery of the Consumer Confidence Report (water systems utilizing electronic delivery methods must complete the second page).
- ☒ "Good faith" efforts were used to reach non-bill paying consumers. Those efforts included the following methods:
 - ☒ Posting the CCR at the following URL: www.cityofcamarillo.org/water/Camarillo.CCR.pdf
 - ☐ Mailing the CCR to postal patrons within the service area (attach zip codes used)
 - ☒ Advertising the availability of the CCR in news media (attach copy of press release)
 - ☒ Publication of the CCR in a local newspaper of general circulation (attach a copy of the published notice, including name of newspaper and date published)
 - ☒ Posted the CCR in public places: City Hall, Camarillo Public Library, Chamber of Commerce
 - ☒ Delivery of multiple copies of CCR to single-billed addresses serving several persons, such as apartments, businesses, and schools
 - ☐ Delivery to community organizations (attach a list of organizations)
 - ☐ Publication of the CCR in the electronic city newsletter or electronic community newsletter or listserv (attach a copy of the article or notice)
 - ☐ Electronic announcement of CCR availability via social media outlets (attach list of social media outlets utilized)
 - ☐ Other (attach a list of other methods used)
- ☐ For systems serving at least 100,000 persons: Posted CCR on a publicly-accessible internet site at the following URL: www.
- ☐ For privately-owned utilities: Delivered the CCR to the California Public Utilities Commission

Consumer Confidence Report Electronic Delivery Certification

Water systems utilizing electronic distribution methods for CCR delivery must complete this page by checking all items that apply and fill-in where appropriate.

- ☒ Water system mailed a notification that the CCR is available and provides a direct URL to the CCR on a publicly available website where it can be viewed (attach a copy of the mailed CCR notification). URL: www.cityofcamrillo.org/water/CamarilloCCR.pdf
- ☐ Water system emailed a notification that the CCR is available and provides a direct URL to the CCR on a publicly available site on the Internet where it can be viewed (attach a copy of the emailed CCR notification). URL: www._____
- ☐ Water system emailed the CCR as an electronic file email attachment.
- ☐ Water system emailed the CCR text and tables inserted or embedded into the body of an email, not as an attachment (attach a copy of the emailed CCR).
- ☐ *Requires prior DDW review and approval.* Water system utilized other electronic delivery method that meets the direct delivery requirement.

Provide a brief description of the water system's electronic delivery procedures and include how the water system ensures delivery to customers unable to receive electronic delivery.

All City of Camarillo Water Division customers received the Availability Notice in their water Utility bill. Additionally, the Availability Notice and a copy of the CCR was direct-mailed to the service addresses for major employers, apartment complexes, hotels, hospitals and school districts.

This form is provided as a convenience and may be used to meet the certification requirement of section 64483(c) of the California Code of Regulations.

Camarillo Continues to Provide Safe Water to Customers (Post Date: 6/30/2020)

Camarillo, California – The City of Camarillo's Water Division has completed its Annual Water Quality Report for 2019, which demonstrates that the City of Camarillo continues its long tradition of delivering high quality water to its customers that is clean and safe.

In order to ensure that tap water is safe to drink, the U.S. Environmental Protection Agency (U.S. EPA) and the State Water Resources Control Board prescribes regulations that limit the amount of contaminants in water provided by public water systems. The State Water Resources Control Board, Division of Drinking Water, requires all local governments to certify a consumer confidence report annually to document the results of water quality testing.

Our water is monitored for the presence of various substances on a very strict sampling schedule. The City's Annual Water Quality Report for 2019 documents all water quality testing performed between January 1, 2019, and December 31, 2019, disclosing the substances that were detected in our water. It is important to note that detecting a substance does not mean that water is unsafe to drink. The City

aims to keep all detected substances below their respective maximum allowed levels. The Annual Water Quality Report for 2019 demonstrates that all detected substances are below their respective maximum allowed levels.

The report is available to the public on the City of Camarillo's website ([click here](#)). Printed copies of the report are available at City Hall, located at 601 Carmen Drive in Camarillo. For more information, or to have a printed version of the report mailed to you, please contact the City's Water Division at (805) 388-5373.

The City encourages landlords, business owners, schools, and other groups to share the report with their tenants, employees, students, and all other water users.

More information about contaminants and potential health effects can be obtained by calling the U.S. EPA's Safe Drinking Water Hotline at (800) 426-4791.
