To summarize report delivery used and good-faith efforts taken, please complete the below by checking all items that apply and fill-in where appropriate:

CCR was distributed by mail or other direct delivery methods. Specify other direct delivery methods used: CCR was distributed using electronic delivery method #1 to ensure requirements were met for "direct delivery". A post card with a URL providing a direct link to the CCR was sent to all mail carrier routes and P.O. boxes in the service area. The URL is: www.CasitasWaterCCR.org

"Good faith" efforts were used to reach non-bill paying consumers. Those efforts included the following methods:

Posting the CCR on the Internet at www.Casitaswater.org

Mailing the CCR to postal patrons within the service area

Advertising the availability of the CCR in news media (copy of press release and proof of publication for ad attached)

Publication of the CCR in a local newspaper of general circulation (attach a copy of the published notice, including name of newspaper and date published)

Posted the CCR in public places (post office, library, water district office, laundry mat)

Delivery of multiple copies of CCR to single-billed addresses serving several persons, such as apartments, businesses, and schools

Delivery to community organizations (public community boards)

Other - CCR link provided to USEPA website

For systems serving at least 100,000 persons: Posted CCR on a publicly-accessible internet site at the following address: www._____

For investor-owned utilities: Delivered the CCR to the California Public Utilities Commission

Casitas Municipal Water District Releases Annual Drinking Water Quality Report
Reports sent to customers and available for the public to view online

OAK VIEW, CA—Casitas MWD issued annual Consumer Confidence Reports (Drinking Water Quality Reports) for both the Casitas Service Area and the newly acquired Ojai Service Area. Every community water supplier must provide an annual report by July 1 of each year to its customers, according to the U.S. Environmental Protection Agency's (EPA) Consumer Confidence Report Rule.

Casitas reports were mailed to customers before July 1 and include data from January 1 to December 31, 2017. The full CCR for each service area can be found at websites created for both Casitas service area: www.casitaswaterccr.org and Ojai service area: www.ojaiwaterccr.org.

The Consumer Confidence Reports cover a variety of required topics, including: information about your water source, which includes both Lake Casitas and local groundwater supplies, levels of contaminants in water sources, EPA Standards for safe contaminant levels, and other relevant information about local water. Casitas Municipal Water District strives to meet, or exceed, all USEPA and state standards for safe water in both its Casitas and Ojai service areas.

More information about the District, its Board of Directors, and services can be found at www.casitaswater.org.
